Pre - School to Class II

Come July and Sri Venkateshwar International School reopened to enthusiastic and delightful faces, who seemed to have had a relaxed, fun-filled summer. It seemed like everyone grew at least an inch over the summer!

While most of the Pre-Schoolers joined cheerfully, a few were slightly reluctant to get out of the comfort zone of their homes. But as the session began and a plethora of fun-filled activities spilled out, the little ones quickly adapted.

PreSchool

होय recitation

It was a day for the latest batch of Venkateshwarites to express themselves in their mother tongue. On July 17, 2014 Preschoolers participated in Hindi Recitation Activity. It was a good platform for children to open up to the wider school environment i.e. outside their classrooms and polish their oratory skills. They recited the poems beautifully and filled the environment with joy.

School Excursion

EASY DAY

On July 18 , 2014 Preschoolers visited supermarket with their teacher to enhance their life skills about the external world. The tiny toddlers thoroughly enjoyed enacting the role of analytical customers, by assessing goods in various sections of the super market.

PICK 'n' TELL

Pick 'n 'Tell- A fun way of learning with their favorite toys. On July 31, 2014 our students worked upon their eye hand coordination and speech through the wonderful world of toys .They picked up their favorite toys and spoke few lines on them.

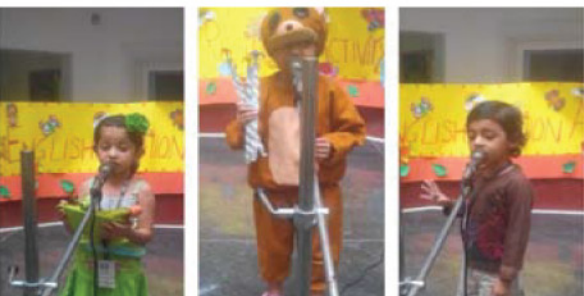

Fancy dress

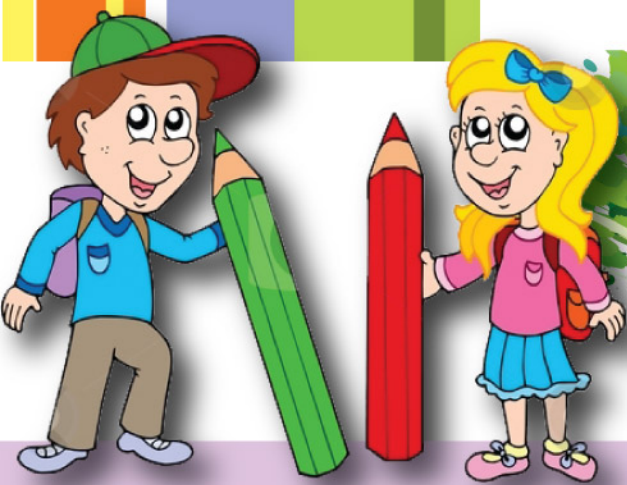

We had a 'Fungama' in Pre-School on August 28, 2014. All children came dressed up in different attires to take part in the 'Fancy Dress' with the theme- FAIRY TALES. What an apt way to create a world of dreams! Students went on a trip of wonderland as they enacted their favorite fairy tale characters.

ENGLISH Poetry recitation

Poetry is the spontaneous flow of powerful feelings; it takes its origin from emotions recollected in tranquility. Singing songs and reciting rhymes provides a great foundation for oratory skills. On September 18, 2014 Preschoolers came dressed up in accordance with their poems. Nor did they enjoy themselves but they filled up the entire ambience with joy and ecstasy.

The purest and most thoughtful minds are those which love colour the most.

Red roses, Yellow sunflowers, Brown brownies and Orange mandarins - each speaks a language of their own.

To introduce our little ones to the magical world of colours, we had different colour days celebrated at different times trimester. While red colour day was celebrated on July 11 2014, Yellow, Green, Brown, Orange closely followed on July 17, August 22, September 11 and September 25 respectively. The children and teachers came dressed in given colours outfits and brought a corresponding object

Pre Primary

Wearing **Best**
out of

WASTE

'A Ramp Walk with a Difference'

To see our young stars walking on the ramp was an eye pleaser. The theme for the event was “Best Out of Waste”. Children came out with beautiful costumes using a variety of waste materials like CD’s, straws, newspapers, etc. The idea behind the activity was to incorporate in our young learners a sense of responsibility towards the environment by constantly adopting the 3R’s. **“REDUCE, REUSE, RECYCLE.**

CLAY moulding

The theme for the competition was “International Games” as a part of the ISA Project. This activity helped in fine motor development of the children and also enhanced their imagination, creativity and confidence.

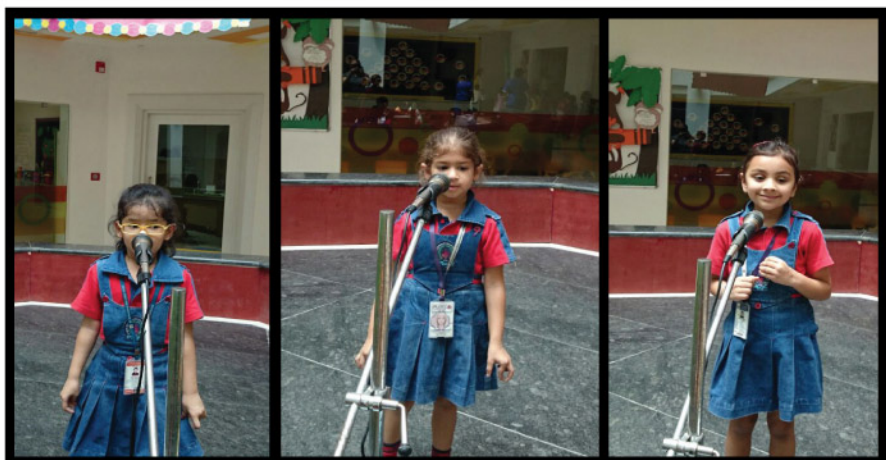

SOLO Dance

Dance is the expression of emotions, feelings, joy and actions through the movement of the body. Children performed various dances forms like Hip Hop, Bharatnatyam etc. Children gave mesmerizing performance which was loved by one and all.

Katha Rachan

The activity was organised for the children of Pre- Primary, wherein they came prepared with short stories. They used beautiful props and costumes. Each story conveyed some moral which took forward our ideas of spreading value education through fun learning.

Class I

RAMP WALK

On July 7, our children walked the Ramp on the theme *"Dolls and Toys across the world"*. Our budding models came dressed as toys, cartoon characters and beautiful dolls of various countries. Their confidence, grace, poise and narration set the stage on fire. Our judges had a real hard time choosing the star performers. This too was a part of ISA (*International School Award*), which is being conducted in collaboration with schools from *England and Wales*.

HINDI

POEM

RECITATION

On September 29, our students recited beautiful pieces of poetry in Hindi Recitation Contest *"Nanhe Kavi"*. Themes varied from as far as the contemporary issues like misuse of TV, say no to plastic bags, etc. which were skillfully adorned with elements of humour and satire; to aesthetic topics like nature, rain etc. The costumes and props added to the beauty of recitation which was marked with right voice modulation, intonation and clear speech.

In order to inculcate healthy eating habits among the little ones, a *Show and Tell* Activity was conducted on August 25, wherein children came dressed as, or brought a prop about different fruits and vegetables. We had fresh looking pineapples, tomatoes, mangoes & oranges. These 'apples of our eyes' spoke beautifully about the nutritional values and benefits of eating healthy food.

Class II

SOL DANCE

Our students rocked the dance floor through Solo Dance Activity on July 15, 2014. Rhythm, beats, attitude and expressions of the young ones defined their talent. Versatility of global dances, pretty costumes and enthralling music were the attractions of the day.

हंदी Calligraphy

Handwriting is a part of learning. Correct formation of letters is as important as their recognition. Keeping this in mind, Hindi Calligraphy Activity was organized on July 22, 2014. The activity helped in improving the concentration span and the students got a chance to show their creative hands.

Avita vaachan

Poetry is an art of expressing one's feelings through words. Students of Class 2 were given a chance to showcase their talents and express their thoughts through poems on September 9, 2014. Humorous poems spread laughter throughout and the poetry on 'Peace' delivered its message effectively.

Weave A Story

The activity was organised on September 30, 2014 for the students of Class 2. Apart from giving them stage exposure, the idea was to build their vocabulary and improve their speaking skills. Children narrated wonderful moral stories.

Besides these Intra-class activities, SVIS Kids also celebrated a few special occasions.

INDEPENDENCE DAY

Independence Day was celebrated with full patriotic fervour. A special assembly was conducted in this regard, wherein the students acted as different national leaders and spoke motivating lines about them. National songs and folk dances were also performed by the little artistes. In the classrooms, different craft activities were taken up by the teachers, wherein students learnt to make patriotic caps, head bands and doves.

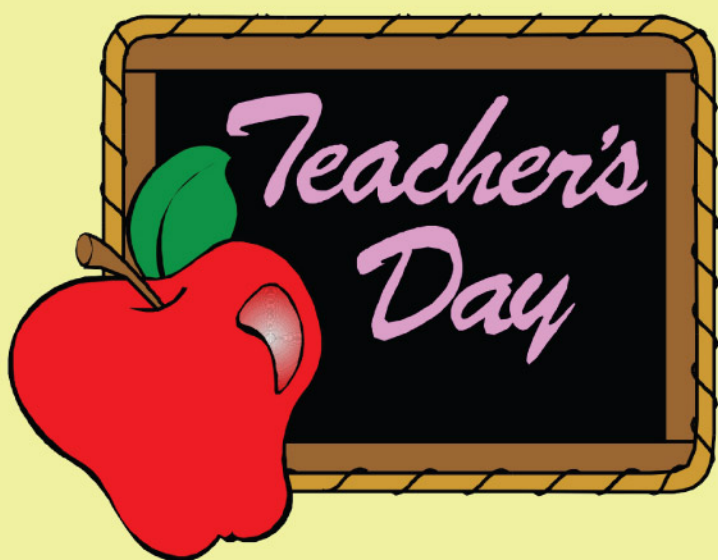

krishna

Janmashtami

This was followed closely by Janamashtmi celebrations during morning assembly. While Class I made beautiful bookmarks depicting Lord Krishna's peacock feather, Pre-Primary made flutes and Pre-School did 'matkies' and fruits. Pre-School and Pre-Primary also visited Golok Dham Temple.

On Teachers' Day, our senior most children of SVIS kids i.e. Class II visited the junior classes and gave the little ones lessons on various subjects, life skills and also taught rhymes and told stories. It was interesting to watch them teach tiny toddlers with oodles of confidence. Children also made paper tulips, did hand printing and wrote creatively for their teachers.

As we believe in training our children in all aspects, from the highest to the mundane; so keeping in sync with this ideology, children were taught simple kitchen recipes like Corn Salad and Lemonade.

4-5 years old making lemonade and 5-6 years old making corn salad under the watchful eyes of their mentors was a soothing sight. No spillage happened! Little hands stirred and eyes gleamed with excitement!!

ISA PROJECT

Last but not least, during this trimester more activities were also taken up in the SVIS kids as a part of the ISA project. Educative modules were shown to children to increase their knowledge about our partner countries i.e. England and Wales. Several worksheets of different level were also done in all the grades. Besides all this, class boards were made displaying beautiful craft authenticating the rich culture, heritage and sports of these countries. The related games like hurdle race, flat race and skipping were also played.

Connecting Classrooms

The mild breeze in the latter part of October, brought with itself some more pleasant events.

We had visitors in our campus from *Cynwyd Sant School, Wales* under the *Connecting Classrooms Project (ISA)*. Ms Sarah and Ms Gwennan took the entire *SVIS KIDS* by an awe, when they visited each classroom and interacted with the students. They participated enthusiastically in the ongoing classroom lessons/activities. While they did a thorough introspection of the creative writing and/or worksheets being done in some classes; in other classes they displayed the lighter side of teaching by involving themselves completely in various educative games being played.

On October 29, the entire *SVIS Kids Wing* went on an excursion with their teachers, along with the Guests from Wales. It was an enjoyable trip to *The Royal Circus* in Sec 11, Dwarka.

Prior to this, the guests were also taken for a day's trip to *Taj Mahal* by our respected Principal, accompanied by some faculty members.

Last but not the least, the little Venkateshwarites left no stone unturned in showing their "sanskaras" of hospitality, warmth, care and sharing joys; when they hosted a *Special Assembly* for Ms Sarah and Ms Gwennan on October 28. The Assembly itself conveyed the message of "*Vasudev Kutumbakam*", which is also a lesson to be learnt by all in the contemporary scenario i.e. *We All Are One World One Family*. Children of Class I - Mulberries enthralled the audience with their sharp oratory skills and splendid dance performances. The guests could not resist the charm of these children and themselves alighted to dance to the beats of "Dandiya" Ain't it amazing as to how we Indians merge all unto ourselves just like the vast compassionate ocean !!

Parental Tip

*Children do not follow what they are told to do,
but they do what you do!
So let's give them a legacy of good values by
being worthy role models!!*
