

## SCIENCE/ Earth WEEK REPORT 2022

**THE AIR FORCE SCHOOL, SUBROTO PARK,** celebrated 'SCIENCE/ Earth week FROM 18<sup>TH</sup> April to 22<sup>ND</sup> April 2022. Activities were planned for classes 6<sup>th</sup> to 10<sup>th</sup>.

The Air Force School  
Celebrates Science Week

18th to 22nd April 2022

**To celebrate Earth week**, several activities were conducted in The Air Force School from 18<sup>th</sup> April 2022 to 22<sup>nd</sup> April 2022. Which reminded us of our duties as members of this magnificent planet Earth.

An activity named **'Tunes of Jingle'** was conducted for **class VII** on topic 'Go Green'. Children wrote beautiful jingles on the mentioned topic & presented it. It was a joyous activity wherein children showcased their scientific aptitude through tunes of music.

Also as a part of celebration a symposium was conducted for students of **class IX** on the topic "**e- vehicle a means to save our planet**". Students presented nice ideas about e-vehicles that helped to create awareness about the challenges of future.

**A dedicated Science week plays the important role of inculcating a scientific temperament , developing logical and analytical skills of the students.**

**Activities were conducted to celebrate the SCIENCE WEEK:**

**Class VI- I am a scientist(** Students will portray themselves as scientists and **discuss their innovations and inventions.** Students came up dressed as various scientists and spoke about the scientist's invention and achievements in the field of environment. Students were filled with enthusiasm and did their part of research about the scientist. Students also used various props to do the role play and enjoyed a lot.

## Class VIII –Make an anchor Chart/e poster( Topic Microorganisms)

The theme of the activity for class 8 was 'To prepare anchor chart/ e poster on microorganisms “.

The objective of this activity was to ignite the fire of imagination and creativity in the students. The young learners displayed their artistic skills through an array of posters. It was a great opportunity to watch these young minds creating and displaying their ideas on paper. The students thoroughly enjoyed the activity.

## Class X – Nukkad Natak ; Oral Hygiene'

Students of class X created Nukkad Natak to create awareness about ORAL HYGIENE. Importance of brushing teeth, flossing and avoidance of tobacco and paan chewing were highlighted through dramatization.
