## **Unscripted**

### ***'A New Tomorrow'***

The Air Force School aims at enhancing the motor sensory, technical, scientific, computational and linguistic skills of the children. Keeping these areas in mind,

**'The Quest'** an Inter School Competition is organized every year to provide an opportunity for experiential learning through a variety of events.

"THE QUEST 2022" was organized on Thursday April 28 and Friday

April 29 , 2022."The theme of our Festival was **'Unscripted-'A New Tomorrow'**

The competition comprised eleven events focused on vast concepts of science, arts, linguistic and logical ability. The events motivated students to probe deep into the secrets of learning.

The events were successfully conducted through short audio, videos, and write-up, and were judged by an esteemed panel of judges on different rubrics like creativity, choreography, costume, choice of music, facial expressions, body language, energy, execution etc.

The Highlights of the events were as follows:

**We can We will, Ek naya vishwas** -Students from various prestigious schools showcased their talent on the given theme. The dance style given to the participants was 'fusion' and in a time span of 3 minutes, they were able to impress the team of judges with the different ways in which they had interpreted the theme. With good make-up, costumes and props, the creative side of the students was on full display.

**The Sunrise, Ek Nayi subah** -The music piece selection was a 'morning raaga'. the participants were judged on different rubrics like voice quality, raaga, melody, rhythm, aesthetic appeal and overall video presentation etc.

Students had clearly devoted time and practised for the competition with their heart and soul.

**Inspiring Sustainable Attitudes**-This activity was organised with an aim that it will foster in students which are future citizens, skills of developing in life with a balanced approach. The present-day available resources present in nature should be utilised in a judicious way so that they should remain available for future generation also.

Students from various schools shared their creative ideas which were quite informative. Students very well realised the need of hour and presented their ideas in innovative ways.

## A SEASON IN VERSE

For this annual Inter School Competition, *an* English Department came up with an innovative and intriguing way of presenting poetry through the competition, 'A Season in Verse'. The students had to choose a season of their choice and compose a poem on it using figurative language (not revealing the name of the season). They, then had to recite their poem using appropriate props and costume. The parameters for judgment were shared in advance.

It was quite heartening to see the level of performance of the children and the effort put in by them. All in all it was quite an enthralling experience for all as it gave them the platform to bring their creativity to the fore.
