

Orientation Class XI

An orientation programme was organized by TAFS on 15th July 2022, Friday, for the students of Class XI to apprise them about the general rules to be followed while at school, the Examination system, how to prepare for competitive Examination, proper time utilization, importance of English as a language and how to score good marks in Math.

The first speaker of the day was Mrs Lomina Rajiv, Vice Principal who guided the students and motivated them. Ms Vandana Malik, PGT Informatics Practices, the Class Representative of XI, apprised the students about the general rules to be followed and the do's and don'ts while at school. Mr Sujeet Chikara, PGT Physics, MIS incharge, informed the students about the various subject combinations and streams available in our school. The entire examination schedule and weightage of each exam was announced. The school counsellor, Ms Ashvika A Singh's session was about how students can prepare for competitive exams and learn time management skills. Ms Bindia Rajpal, HOD English guided the students about the importance of English language and how to integrate it all other subjects of their stream. Ms Vineti Sethi, HOD Math motivated the students to practice Math daily. She highlighted the importance of practicing Math daily as it is the only solution to score well in this subject.

The session was ended by an informative speech by the Principal Ms Amita Gupta who guided the students to stay focused. She told the students to take subjects of their choice so that studies is not a burden. She asked the students to focus on concept learning which will help in clearing all Entrance Examinations too. The session ended with wishes for their dreams to come true and a prosperous future. It was an enriching session for the students.
