Kite is associated with the feeling of freedom, joy and patriotism. To encourage the imagination and creativity of our young learners, we at TAFS organized the Kite Making Activity for our students of Class VIth in which they prepared beautiful paper made kites in the Art education periods. It was a fun-filled creative activity wherein students collaborated with each other, learnt team work and presented their creativity.

CLASS VII- SKETCH A PORTRAIT

Students made beautiful portraits of freedom fighters and presented their stories of pride and valour. This activity was conducted in the Class teachers period by the respective class teachers. Our students gave small introductions of the freedom fighters and gave us a lot of knowledge about the struggle faced at that time. Every story filled our hearts with emotions and patriotism as they were very heart touching and at the same time real.
