

## **CHILDREN'S DAY REPORT**

Children are sensitive and innocent,  
they are the little angels of God,  
and the future of mankind.

Children's Day is observed on November 14, every year, on the birthday of India's first Prime Minister, Pt Jawaharlal Nehru. Pt Nehru was hailed as 'Chacha Nehru' because he was popular among children. He considered them to be the future assets of the country, for whom an all-rounded education would be of paramount importance.

The day stands for children's rights and raises awareness of the need to educate them, as they form the country's future.

It was celebrated with the same spirit at our school too. It began with a Special Assembly, conducted by the teachers. The teachers presented a plethora of activities, be it the morning prayer, skit, song, dance, etc. The students were quite happy and excited to see their teachers in this new avatar on stage.

In the course of the day, sports events were also conducted which saw an enthusiastic response from the students and teachers alike. A cricket match and volleyball match was conducted between the two teams. The cricket match was won by our talented students and the volleyball match by the teachers. These matches were in turns also witnessed by the students and they cheered wholeheartedly for both the teams.

The icing on the cake was the distribution of chocolates to the students at the end of the day. This increased their happiness manifold.

All in all it was quite an eventful day which was equally enjoyed by both students and teachers. It was a pleasure to see that gleam of happiness in the eyes of our students and the smile on their faces.
