

The department of social science conducted an online poster/ collage making activity—“Diversity in India” for the students of class VI on 15:05:20.

We should always keep in mind that India is a country which has been hailed as the cradle of human civilization, it has imbibed its strength from diversity in culture, creed, race and beliefs. So, this topic will specifically bring out the theme in its true dimension. As COVID- 19 pandemic tries to raise its ugly head , our diverse culture, social norms and traditional beliefs will help in defeating the menace .

Students of class 6 with zeal and enthusiasm involved themselves in this activity Looking at these beautiful posters and collages, one is compelled to think that truly diversity exists in our culture.
