

Virtual Celebration of National Sports Day 2020

Winning is not everything but making the effort to win is." -----Unknown

The National Sports Day in India is celebrated on 29th August every year on the birth anniversary of hockey legend Major Dhyan Chand who won gold medals in the Olympics for India. Our NCC cadets celebrated “National Sports Day 2020” through participating in online pledge and expressing their views on the significance of National sports day. A beautiful video presentation was prepared by four girls cadets on the significance and importance of sports in our day to day life. The teachers in charge also participated in the online fit-pledge and successfully obtained E-certificates. All the boys and girls cadets participated in this program with full zeal and enthusiasm.
