Gandhi Jayanti

“You must be the change you wish to see in the world.”

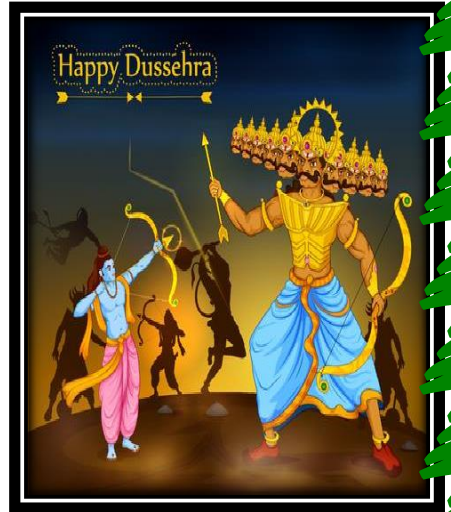

Gandhi Jayanti is celebrated on 2nd October every year to commemorate the birth anniversary of Mahatma Gandhi, the father of our nation. Gandhiji's principles, knowledge, positive energy, and ideology are still remembered by people in India and across the world. As the nation geared up to celebrate his 152nd birth anniversary, we too at Xavier's presented to our Kindergarten students a power point presentation based on Gandhiji's life journey from childhood to his becoming the 'Father of the Nation'. His, principles and ideologies were shared with the children and they really showed great interest in not only learning about them but also following the same. Children also did an art activity wherein they drew a sketch of our loving 'Bapu'.

Dussehra Celebration

Dussehra is celebrated to showcase the victory of good over evil. Kindergarten students exhibited a lot of excitement while watching the animated movie on Dussehra. They also spoke about their favourite character from the same. Crafting their own Ravana puppet gave them joy and they showcased the same with pride.

Halloween Celebration

A spooky snooty Halloween was celebrated on 29th October wherein children thoroughly enjoyed dressing up as ghosts, witches, vampires and bats.

Children had fun making spooky skeleton craft to highlight the spirit of the occasion.

Virtual Visit to the Fire Station

Our Kindergarten students were taken on a virtual tour of Haryana Fire Station Services. Children were shown a live demonstration of fire fighting equipment and their use. Children saluted them for their bravery and selfless devotion towards their duty. It was truly an enjoyable learning experience for our students.

CONSERVE TO PRESERVE

Conservation of nature is the wise management and utilization of natural resources. Children learnt the importance of conserving Earth's resources through few hands-on enriching activities. On day 1, children collected waste RO water and watered the plants at home. The next day they used left over food and grains to feed the birds. Day 3 was exciting as they made posters with the help of twigs and leaves and cycled around with the same to promote 'Go Green'. On the last day children were made familiar with the benefits of keeping wet and dry waste separately.

DAY 2: BIRD FEEDER ACTIVITY

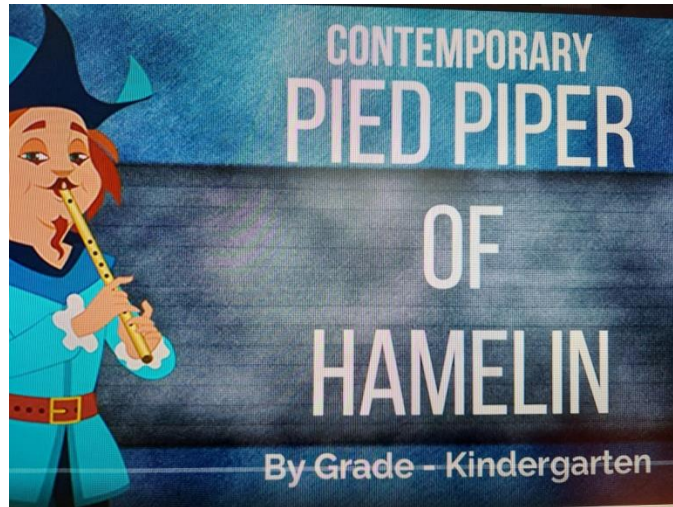

KG: DAY 3 GO GREEN ACTIVITY

DAY 4 : SEGREGATION OF DRY AND WET WASTE (KG)

Annual Production

Kindergarten's Annual production was planned in an innovative way and the pandemic condition was beautifully presented through a story – The Contemporary Pied Piper of Hamelin.

The wonderful event commenced with a special motivational speech by Director Principal Sir, Mr. John Rafi and Headmistress Ma'am enlightening their vision towards education and humanity. The students took the spectators on an exciting journey full of fun, action, songs, dances and loads of entertainment. The props and costumes added colour to the celebration along with the synchronised dance and yoga movements.

Children showcased various emotions and the annual production finally culminated with sparkling shades of happiness and hope. The show was magnificent and captivated the audience throughout.

Children's Day

There is no Garden as beautiful as childhood.

Children's day was celebrated with full enthusiasm and each child was made to feel special and loved. Lots of fun filled games and activities were planned to engage the students. Children's all-time favourite songs were played to which they danced like never before.

In the present pandemic scenario, these activities helped to revive and rekindle the importance of love and affection among the little ones. It was a fun learning experience for one and all.

SHOW AND TELL

HEALTHY AND JUNK FOOD

“You are what you eat”

Students of Kindergarten participated enthusiastically in the Show and Tell activity on the theme- Healthy and Junk food. They shared their knowledge and also discussed about different ways to keep ourselves healthy. They emphasized on eating healthy and balanced diet. Initiative taken by our young children is a small step towards a better tomorrow.

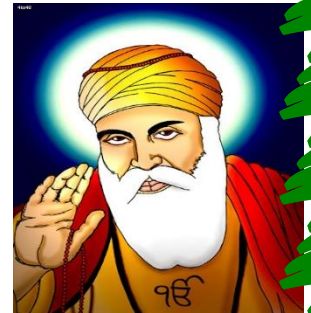

Beautiful props helped them to project their learning in an enriching manner. This activity boosted their confidence, learning and oratory skills.

VIRTUAL VISIT TO THE GURUDWARA

St. Xavier's High school believes in maintaining communal harmony and respect, hence it is very important for children to understand different religions and their culture.

Virtual visit to the Gurudwara was planned to allow our students to learn more about Sikh culture and its tradition. Students were shown 'langar hall' where food is cooked and served without any discrimination. They also covered their heads as a mark of respect to Guru Nanakji.

Weave a story

IF I WERE A SANTA

This time Christmas was different owing to the current pandemic. So, our Kindergarten students dressed up as Santa to keep up the spirit of the festive season and shared what all they would like to gift this year to spread happiness all around. We were totally swept off our feet with their wonderful thoughts on the values of sharing, caring and love. They wished a gift of Corona vaccine for children to shoo off the virus and make it a healthy and happy world. They wished that school must open so they can meet their friends and teachers and have loads of fun. Not only this, our little Santas wanted to share their toys and candies with underprivileged children and make the world a better place with their kind humanitarian touch.

Subject Enrichment Activity

Subject Enrichment signifies that every subject has its own intrinsic pedagogy that helps students acquire relevant knowledge.

It promotes critical thinking and problem solving skills, improves student's ability to concentrate, and make learning more meaningful, valuable and rewarding. Enrichment activities are fun which help students to become more engaged in their learning and retain the knowledge.

Keeping in view all these factors contributing to learning of the children various subject enrichment activities were planned. In English interesting Vowel Changing activity to make new words and finding out the sight words in the sentences given on the slides was done.

In Hindi for teaching formation of each vyanjan Clay and tooth pick or sharpened pencil was used to give clarity of formation .Interesting ways were introduced to recapitulate vyanjans.

In Math, to reinforce the concept of cylinder shape learners did an activity of making cylinder with paper and learned about it practically.

Environmental studies as the name reflects involved experimental & experiential learning by doing hands on activities.

The theme 'plants was taken up extensively with the students by involving them in various activities like germination. Apart from these activities, children expressed their learning about healthy and junk food by collecting empty wrappers of both kinds of food and then sorting them and making collages with it. The concept of Animals was taken up very interestingly with very good animated ppts having animal sounds and activities.
