Yay! Yesterday was the last day of school in the year **2021**. Now starts my Winter Holidays. And New Year is just one day away. It's time to rejoice and celebrate...

Talking about online schooling, it wasn't easy for me as I really missed my friends, but I did had fun because I got to wake up late, I also enjoyed the fun quizzes our teachers made us do on Kahoot, quizzes.com, etc. Even in the toughest of times our school encouraged us all to study. We have all regular subject classes along with a fun extra activity class every single day. I really hope that this coming year 2022 I can play with

my friends, meet my teachers and would be able to go to offline school. I really enjoy even attending online classes. Fun filled learning is what I like most about my school.
