

PRESCHOOL CURRICULUM [2021-2022]

The Curriculum for the academic year 2021-2022 is provided on the NCERT Website. Link for the same is provided below.

https://ncert.nic.in/dee/pdf/Combined_Pre_school_curriculumEng.pdf

Please note that NCERT may make changes to the Curriculum from time to time which may be available on NCERT's portal accessible at <https://ncert.nic.in/index.php?ln=>

You are requested to periodically check NCERT's portal for the latest updates.

The Bloom Preschool curriculum envisions **good physical, socio-emotional and psychological well being of children**, promoting **holistic, joyful, and experiential** learning opportunities for development of all children between 3-6 years of age.

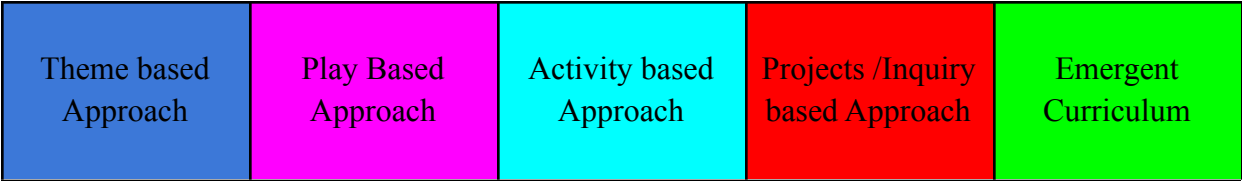

It aims at maximising individual potential by creating strong foundations for lifelong learning through play and developmentally appropriate practices. It also intends to develop a healthy attitude, good values, skills of critical thinking, collaboration, communication, creativity, technology, literacy and socio-emotional development.

At Bloom, learning and development in children is holistic. We believe that children learn at different times, in different ways and at different rates. The aim is to facilitate optimum development of a child's full potential and lay the foundation for all round development and lifelong learning.

The curriculum in Bloom, addresses all the domains of development through the following three broad goals:

Children Maintain Good Health and Wellbeing	Children Become Effective Communicators	Children become involved learners and connect with their immediate environment
