"School prepares for the alienating institutionalization of life by teaching the need to be taught".

Dear Reader,

Greetings to you!

Very few have fully realised the wealth of sympathy, kindness, and generosity hidden in the soul of a child. The effort of every educator should be to unlock that treasure and St. Xavier's High School, Sec-49, is an excellent example where everyone strives indefatigably for this. This institution is nurturing the young minds of the town for the past 10 years with the belief that "The heart of education is the education of the heart".

We are pleased to present to you "Xavronicle", the School Magazine of St. Xavier's High School. Enjoy every moment you have because in life there aren't rewinds, only flashbacks. CHILDREN'S DAY

Children's Day also known as Bal Diwas is celebrated on 14th November in India to commemorate the birth anniversary of Pt. Jawaharlal Nehru. Jawaharlal Nehru had immense love, care, and affection for children and so, the children called him Chacha Nehru. Chacha Nehru was mainly fond of children and roses. Children's Day is celebrated to raise awareness among people towards the rights, care, and education of children. Nehru has left behind a legacy of education for the children of India. Let's pledge this Children's Day to make this world a more beautiful and safer place for our dear children!

DIWALI

The festival of lights is celebrated on the New Moon Day which is the darkest day of the year. With so many lights and diyas being lit up, there is barely any darkness. This signifies that it is very important to use our wisdom to eliminate the inner darkness that is holding us back and light up the mind and soul with positive and encouraging thoughts. Whatever the external circumstances, stay positive and always try to find solutions. So let us make this Diwali an experience to not just celebrate the festival outwardly, but a festival to be celebrated internally. Let us light the diya within, Let us light the diya to make our and everyone's life a celebration.

Light a lamp of Love! Blast a chain of Sorrow! Shoot a rocket of Prosperity! Fire a flower of Happiness!

ACTIVITIES HELD DURING DIWALI

Not letting the pandemic dampen our festive spirit, Grade III at St Xavier's High School celebrated Diwali with the children in the most unique and beautiful way. It was a digitally incepted event, conducted by our very own teachers. A plethora of events added sparkle to this event. Children thoroughly enjoyed the activities planned for them. They were totally enraptured with the cooking with fire activity and wholeheartedly got into creating savories for the occasion. The children were enamored by the Diya Decorating activity, which got their creative juices flowing. They all came up with beautifully decorated diyas. Last but not least a dance party was conducted for the children which totally captivated the young Xaverians. It was indeed a digitally memorable event.

May the brightness of shimmering lanterns always stay in your life and make you bright

SAY NO TO FIRECRACKERS AND YES TO HAPPINESS

Firecrackers have become an integral part of every celebration. In fact, special events are now incomplete without bursting them. Everyone loves the spectacular visions and colours in the sky. Its illumination brightens up every occasion. However, all this show is only stunning to look at. The impact it has on the environment and the health of the people is worrisome. We need to take measures to control the use of firecrackers, hence the children were educated about it and they shared meaningful messages to curb that.

PLEDGE

We, the Xaverians today take the pledge wherein,
We will kill the demon (Ravana) within,
The ego and negativity in the skin.

Strive to follow the path of good will,
To help the needy, poor and ill.

Indulge in some kind act of 'giving'
Build the sense of compassion and forgiving.

We vow to bring light in the lives of those in darkness
And preach the path of selflessness.

Defeat the powerful forces working overtime,
that sow the seeds of ego and hatred full time.

This Dussehra, we pledge to
slay the habits which is living,
That stop us from growing!
Let us shun the negative emotions,
And mix in our lives
the peaceful potion!

CLASS ASSEMBLY III C AND H

"Our children are our future, our pride and joy"

They come into this world as innocent babies, free of prejudices and preconceived notions. Our children are the rock on which our future will be built, our greatest asset as a nation. They will be the leaders of our country, the creators of our national wealth who care for and protect our people. There are so many children that loose their lives due to non availability of basic care and medicine. To curb such atrocities, a group of people came together to help the little angles, yes, you guessed it right. It is none other than UNICEF - . The messiah for the under nourished, ailing and helpless children around the globe. The Assembly presented by **Grade III H* based on UNICEF was stupendous.

To observe the auspicious occasion of Gurburab , students of *Grade III C* conducted a special virtual assembly. Guru Nanak Dev Ji was the first of the ten Sikh gurus and the founder of Sikhism. His birth anniversary is observed as 'Gurburab' across the globe. The students were dressed in traditional Sikh attire, and the assembly commenced with a prayer. Students shared useful information relating to the life and teachings of Guru Nanak Dev Ji. 'Ek Onkar' prayer was chanted by the students in reverence and homage.

The struggle you're in today is developing the strength you need for tomorrow

CLASS ASSEMBLY III A AND B

Morning assemblies are an intrinsic part of holistic development and a reiteration of the values and thoughts. They instill discipline, camaraderie and a sense of school spirit while developing the ideas of belonging to something larger than the self.

Though the pandemic has forbidden us from gathering and conducting the assemblies in open lawns, we started with Virtual Weekly Morning Assembly every Friday at 8:30 am for Grade III. These well planned assemblies contribute greatly to the community culture of our school and pass on positive values. Grade III B conducted assembly on the topic "Forgiveness". Children explained this virtue through a short story presentation very effectively. It was mesmerising to see the little Xaverians speak so confidently. Some children performed dance, recitation and singing which totally captivated the audience. Their performance was full of exuberance and excitement and their hard work and dedication was appreciated by everyone.

It is discarding the meaningless and stressing the true values." Christmas brings cheer and love, and we celebrate it with the same fervour, spreading the message of love and joy among our children every year. It is the season of love, harmony, and celebration. Lending an Ear

Communication is like throwing and catching the ball. You need to be alert to receive information through reading and listening in the same way you need to be alert to receive a pass on a football pitch.

Well, while the benefits of improving these skills may not be easily quantified, listening better will improve every area of your life.

Thus a webinar was organized in which popular actress and motivational speaker, Ms. Jayshree Arora, gave some useful tips to improve listening skills and helped the young Xaverians to set on the path to mastery. It was indeed a mesmerizing session for the students in which they learned to improve.

Relevance of Gandhian Philosophies in 21st Century – 2nd October 2020

If we could change ourselves, the tendencies in the world would also change. As a man changes his own nature, so does the attitude of the world change towards him"

Mahatma Gandhi is known around the world as one of history's most inspirational figures. Throughout his life, Gandhi Ji was a fearless campaigner and fighter for the rights and dignity of all people. His constant endeavors and unwavering efforts towards non-violence won over many hearts and our independence. He has forever left his mark on the world and is lovingly called "Father of the Nation ". His famous quotes have inspired and motivated hundreds of souls since their inception.

Parental views and feedback are extremely important to us at St. Xavier's High School. We're keen to work with parents to improve our practice and review our current policies and procedures. The feedback from our lovely parents enables us to measure the output precisely and improve it. We would like to thank our parents for their neverending love and support.

The kid's education starts at home. Parents are their first teachers and they have a key role in shaping up their character. A balance of education at home and school molds a student's actual learning. Be a helping hand in their educational journey and travel with them with true inspiration. The school feels blessed to have parents whose role is not only limited to home but they involve themselves in school activities too. The factor that keeps the management of St. Xavier's High School motivated are the words of praise from such parents.

Thank's to Xavier's all teachers for such dedication in
every activity. You all try to compensate the school fun
that kids miss a lot.. Special thanks to you ma'am for
arranging such fun filled activities every time. Kids really
had fun. They participated enthusiastically in each and
every activity. And with special title you gave them today,
made them super excited & happy Once again a very
thank you ☺☺☺ –

Hi Mam..yesterday's meeting was very nice, it was first time we did this informal chat with Geeta Mam, discussed a lot of things about kids and our own childhood times, then corona, then how to handle kids and positives and negatives about school, classes and everything. All the parents were very happy with the school n teachers and virtual classes and I personally loved the yesterday's meeting. Moreover there were very few parents so really got a chance to know each other. So I enjoyed it very much
Sartaj Seth's Mother 3 A

Hi Mam,I have lack of words to show my sincere gratitude on behalf of many parents towards all the efforts you teachers have been putting into to raise level of students without wasting this year out of this whole gloom..I can really see the level of hard work you guys are putting probably without caring your personal commitments to help kids in every special way.It is so noticeable that There is no log off timings for teachers these days...as if they are always ready to help kids to resolve their queries even to the parents...Infact being a parent at time i had to msg mam in off hours even on holidays which I have been responded well on..I realised later it should not have been on holiday... My apology..Being an IT employee we are more like available to our clients to prove our worth little more and to retain things going well...But these teachers are not behind in terms of availability to their students..Its really wrth mentioning ...apart from studies there is lot n lot effort to convince oneself to prepare kids for any extra activity out of there personal time too!!Only thing which can be improved is by reducing the screen time to kids....But else... these teachers are really doing commendable to their profession!!More energy to all the ladies...
