## VIRTUAL WEEKLY MORNING ASSEMBLY

Morning assemblies are an intrinsic part of holistic development and a reiteration of the values and thoughts. They instill discipline, camaraderie and a sense of school spirit while developing the ideas of belonging to something larger than the self.

Though the pandemic has forbidden us from gathering and conducting the assemblies in open lawns, Xaviers started with Virtual Weekly Morning Assembly every THURSDAY at 8:30 am for Grade IV. These well planned assemblies contribute greatly to the community culture of our school and pass on positive values.

The day aims to promote the vegetarian way of life and educate people on the health and social benefits of making the move, to go meat-free. To engage and enlighten the students on the occasion of World Vegetarian Day, St. Xavier's High School, had organized a 3 D Poster Making Competition for the students of grades III to V on the topic - Let's Go Vegetarian.

The objective of the competition was to ignite the fire of imagination and creativity in the students. Celebrating this World Vegetarian Day, the students of St. Xavier's High School imbibed the message of Gandhiji that a vegetarian diet is one that is truly sustainable and environment friendly. The young learners displayed their artistic skills through an array of posters. Students participated in the competition with immense zeal and enthusiasm and made beautiful posters. It was a great opportunity to watch these young minds creating and displaying their ideas on paper.

Long due appreciation post for a wonderful, hard working, cheerful and lively teacher- Ms. Shubha Khanna. First and foremost, it's really an honour to have her as my wards class teacher. She is available 24\*7 to handle all our queries and is quite prompt in her replies. She is very hands on not only in her subject but with the overall progress being made in other subjects. Fun is an essential component of her classes. The two way teacher- kid interaction is awesome to watch. Though she is a teacher but she is more of a friend to all the kids. Studies are a topmost priority but accomplishing them in a funny way is a treat to watch. Thank you so much ma'am for standing with each one of your kid ... your support and motivation is irreplaceable ... Gurus like you are blessings.. Thank you once again ??????????

We want to take a moment to thank all the teachers of class 4 D (Ms. Shubha, Ms. Suchita, Ms. Meenakshi, Ms. Shefali & Ms. Shreya) for all the efforts they have put in during this session and a special thanks for all the meticulously planned assignment worksheets and mock tests conducted. It was endearing to watch our daughter turn into an independent learner, since, we as parents didn't have to sit with her for coaching and clearing doubts as she was well prepared for her online exams and knew exactly how to go about it. We, as parents, had our apprehensions on how an 8 year old would take an online exam, but the teachers and school have done a commendable job in training all the children. It is evident how much planning and hard work has gone into every little aspect and in completing the syllabus, while also providing ample amount of revision so children are in line with the concepts taught.

The commendable job done by all the teachers is highly appreciated. We are very happy and thankful for your all your efforts in shaping our children into confident and independent learners. 'Generations after generations and centuries after centuries, Ramayana has been the book India's people, culture and rulers have looked upon to learn virtues to lead their lives and follow 'Dharma'. The stories, shlokas and Ramayana quotes are a treasure house of knowledge which inspire people to lead a righteous and virtuous life. Good deeds are the means to reach a higher plane and likewise bad deeds lead to destruction and doom — is the ultimate message that the Ramayana teaches. The truth that each one is responsible for his acts, good and bad and will have to face the consequences is strongly stressed. It is shown that even birds and animals will be of assistance to one who treads the right path; but to him who chooses the wrong path, even one's kith and kin cannot be of any help. To depict the beautiful messages from this great epic, Xaverians from grade IIII-VIII came live on Facebook to present 'Conflation: A Unique Blend of the Profound Saga of Ramayana' entailing 6 episodes from 19th October-24 October 2020.

**"Beauty may leave the moon, Himalayas may become bereft of snow, the ocean may transgress its shores, but I will never violate the promise given by my father." – Lord Rama.**

# HALLOWEEN DAY

*“When witches go riding and black cats are seen, the moon laughs and whispers ‘tis Halloween.”*

*Halloween, also known as All Saints’ Eve is a celebration observed in many countries on 31st October. The tradition originated with the ancient Celtic Festival of Samhain, when people light bonfires and wear costumes to ward off ghosts. In the eighth century, Pope Gregory III designated November 1 as a time to honour all saints. Soon, All Saints Day incorporated some of the traditions of Samhain. The evening before was known as All Hallows Eve, and later was famously known as Halloween.*

*Keeping up with the tradition and the Halloween fever which had already started igniting within us to look our scariest, St Xavier’s High School, Gurugram Sec -49, had organized a scary extravaganza for our children. An interclass competition, Dress To Scare which was conducted on 31st October 2020, for the students of grade III To VI. All the children participated with full enthusiasm and dressed up in their spookiest best to make this event a grand success.*

# CHILDREN'S DAY CELEBRATION

*"Children are our nation's future, Nurture them right."*

Children's Day also known as Bal Diwas is celebrated on 14th November in India to commemorate the birth anniversary of Pt. Jawaharlal Nehru. Jawaharlal Nehru had immense love, care, and affection for children and so, the children lovingly called him 'Chacha Nehru'. Chacha Nehru was mainly fond of children and roses. Children's Day is celebrated to raise awareness among people towards the rights, care, and education of children. Nehru has left behind a legacy of education for the children of India.

Let's pledge to make this world a more beautiful and safer place for our dear children! They are our greatest treasures.

*"Don't let what you cannot do interfere with what you can do."*

# CLOTHES DONATION DRIVE

*"Be a ray of sunshine in the world of darkness."*

We, here at St. Xavier's believe that one of the best feelings in the world is 'giving'. To get the full worth of joy you must have someone to divide it with. Our greatest gift is the ability to share our blessings; that's what makes life meaningful.

That wonderful time of the year was back again, with Christmas and New Year just around the corner, we all were in joyful spirits to usher in the New Year 2021. Every year the school makes an effort to spread the elation and bliss to the underprivileged as well.

Keeping in mind the plight of the needy in the unrelenting winter season, school organised 'CLOTHES DONATION DRIVE' from 12th December till 20th December 2020, which would be bequeathed to the orphanages.

**"With just one act of kindness, you can inspire others to go out and plant seeds of happiness through giving, too."**

*The clothes which were received from our little Xaverians were distributed on the roads to poverty stricken, deprived people to bring happiness in their lives during cruel winter season. We hope that this act of ours make someone in need Smile.*

Mam, It was a fruitful discussion with you. We understand that online classes is something new for kids and you both. Thank you teachers for organising Math Quiz. The Quiz was fantastic. All the kids have performed very well . The 5th & 6th round was outstanding. The kids were very quick in responding the answer within the time limit . This quiz will make the kid's mental maths strong n calculating accurately. Kudos to all the teachers n students. 👏👏- P/O Parth Kalla (4-H)

Q Ciper - an online mathematics quiz .... The biggest question .. is there anything that Xaviers can't do online , probably nothing... I am a very happy Xaverian mom because every time Aarav becomes part of an event, it's a learning experience not only for him but for us as well. I could never think that Pattern Questions could be so interesting to solve simply because of the variety involved in them- shapes, numbers , dots, alphabets and so on... For the first time we as a family were enjoying so much solving them ... I once again bow my head in front of all these teachers who in addition to the academics are devoting time for such extra curricular activities ( self designing those questions was not an easy task for them).. Please keep doing such amazing work because no matter initially we may think it's too much on kids plate but once we prepare and it's done .. it always leaves a good impression in our mind ... - P/O Aarav Chadha (4-A)

*I'm delighted to share my satisfactory feedback about the Math quiz. Through this quiz, the children could recapitulate the concepts and also it could enhance the practicability of the concepts in their daily life. It was a wonderful amalgamation of fun and learning. I would like to thank the entire teaching fraternity for putting in a lot of efforts and providing plethora of opportunities for the children to learn at every step of this difficult learning phase. Dear teachers, you all make it look very easy and simple. Keep up the stellar job. Thanks once again for all your wonderful efforts.*

*Regards  
Ujjwal's mother (4-I)*

*It was very well organized, and well managed, despite being on a virtual platform. Every round was meticulously planned to test different aspects of same Maths concepts, which was really commendable. Kudos to all the teachers, their efforts, hard work and encouragement. Would love to see these more of kind of activities on other subjects as well. - P/Q Vihaan Pandey (4-B)*

*It was really good and interesting. Not only all areas are covered but also kids are encouraged to perform spontaneously since nothing was disclosed. Well done to the teachers for conducting such types of events, it motivates and engages children, which in turn makes parents happy too. Kudos to the organizing team - P/Q Chaitanya Mahajan (4-C)*

*Havish enjoyed it and was going through various emotions during the course. It was very well organized and the questions chosen were also very good. My thanks to all the teachers involved. Kids love these kind of exciting activities. Once again thank you very much. - P/Q Havish Yadav (4-B)*

# RESONANCE FROM THE PARENTS' HEART

Ma'am it was indeed a wonderful platform for the children. I must say that all the children must have enjoyed a lot. Mayukh was also very excited from the very beginning.. Thank you so much Ma'am. Ma'am it was an outstanding actually. Really appreciate the effort that you all teachers have put into this to make it happen. ☒☒☒  
😊- P/O Mayukh Mitra (4-A)

I don't know what should I say about this teacher- an INNOVATOR or CREATOR... how to make a difficult and scary subject like MATHS so interesting, one should learn from her.... I know by now everyone would have guessed that I am talking about Shubha Ma'am- "I still can't forget the excitement in kids' voice when they were doing this activity... all excited and running to their parents for that one click to show their teacher that they can do whatever their teacher brings on their plate... things taught as a fun game leave an everlasting impression is what she believes in.... Be it Managhigh or Bingo... don't know where she finds them to look for these when she is all over other things.., Thanks once again ma'am for not only engaging our kids but also their parents to such infectious activities..., You are doing an awesome job, keep going....- P/O Aarav Chadha (4-A)

IMy-oh-My.... I have written lots of feedbacks about various teachers but this feedback is very very close to my heart as it was the first live session wherein I got to see Aarav... I would like to especially thank Shubha Ma'am for guiding me all through and taking multiple practice sessions of Aarav so that he is thorough with words pronunciation, clarity and diction... like I have always said she is quite responsive and open to suggestions rather than imposing her view.... I would like to say a "BIG THANK YOU" TO HM Ma'am for the suggestions she was constantly pouring in especially in the practice session scheduled on the day of the event... be it looking at the background or posture or camera setup, she noticed everything... Her motivating words just few minutes before the show went live changed the whole mood of all involved and the result we all can see "A spellbound performance"... Thanks Xaviers for doing so much for our little munchkins....- P/O Aarav Chadha (4-A)

Many many congratulations Shubha ma'am!!! You truly deserve it... As a parent, even I am a huge fan of yours. you are doing a phenomenal job in bringing a huge difference and enhancing the students' love for Mathematics.... Much love - P/O Imairaa Lal (4-I)

# RESONANCE FROM THE PARENTS' HEART

The Universal Children's Day celebration was incredible! It seemed like a ONE BIG FAMILY EVENT, transcending boundaries.

Kids truly loved it! The sessions were so engaging and creative. Song and dance session where children showcased their talent. Kids were super thrilled dancing to the music, showcasing their talent and engaging in a friendly banter with teachers. The titles given to kids were so thoughtful and innovative- seemed like the teachers know each and every student so well.

Teachers and the school have put in a lot of effort and care in ensuring the kids don't miss the in-person school through such events. It takes a lot to pull off such an event, so hats off to the entire teachers group and school administration.

All credit goes to you... it's completely and solely your confidence in him which is making him shine.. no matter how much I want still can't thank you enough ... thank you from the bottom of my heart for motivating Aarav as his biggest mentor ... it's a big moment for him and am sure for us as well being his parents
