

REPORT ON MARS MISSION

DATE – 24.09.2014

As per the advice by the C.B.S.E. , necessary arrangements were made in the school for students to view the live telecast of the Mars Orbit Insertion or Mars Capture Manoeuvre of the Indian Mars orbiter Mission. Students of secondary and senior secondary section of the school watched this very proud moment collectively through smart boards. It was really a moment of immense pleasure and excitement for all the students, teachers and staff of school.

Watching live telecast of this mission helped in boosting the scientific temperament of students.
