MIND BODY SOUL

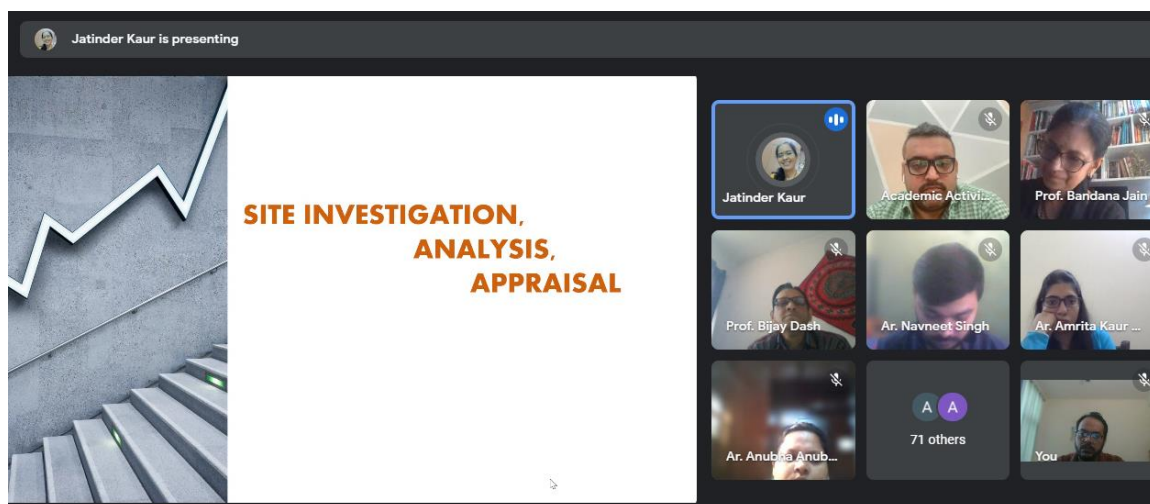

SCHOOL OF PLANNING & ARCHITECTURE

Dr. Jatinder Kaur is presently working in the School of Planning & Architecture, New Delhi as Associate Professor in Architecture. She is a well-known artist, administrator and academician in the field of Architecture. Prior to serving at School of Planning & Architecture, Delhi, Dr. Jatinder Kaur had been the Registrar at Maharaja Ranjit Singh Punjab Technical University, Bathinda apart from being the Professor and Head of GZS School of Architecture & Planning, MRSPTU, Bathinda. She has a vast experience of 24 years in teaching & research. She has more than 20 publications in journals and conferences at national and

international level. She holds 2 patents in the form of Copyright and a Design registration. She has delivered invited talks and organized art workshops in leading universities, institutions and organizations of North India.

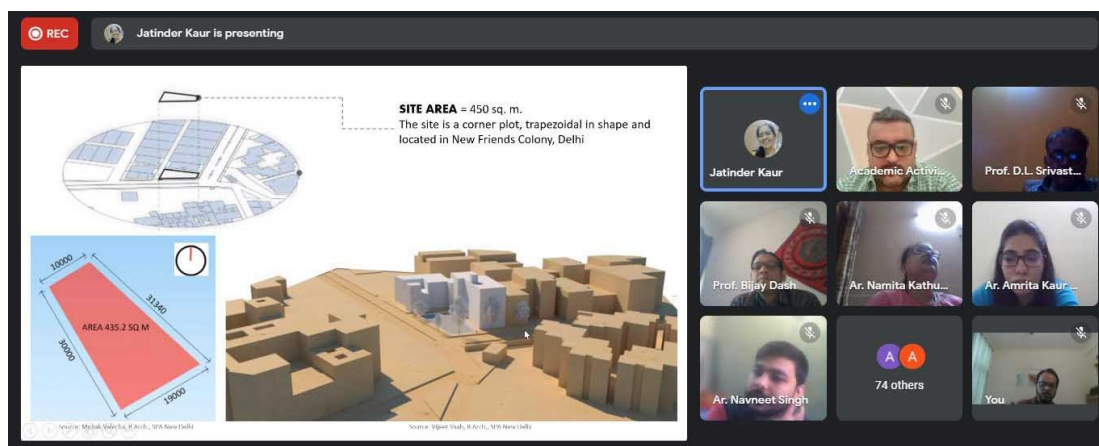

She was selected by the Bureau of Energy Efficiency, Ministry of Power, Govt. of India for the “Knowledge Transformation Programme cum Field visit to Germany for the Energy Efficient Built Environment in India in 2018. A poster designed by her was selected by the Uttarakhand Government regarding breastfeeding under “Poshan Abhiyan” in 2019. She was the first runner-up in poetry and sketching competition organized during 8th Seminar on Architecture for Masses (AFM 2021). She is an avid Artist who is trained in several arts and crafts.

The webinar as delivered by Dr. Kaur was focused on methodology and best practices of site analysis. Her lecture began with a glimpse into the interrelation between art and architecture followed by an interactive question answer session with the students about their understanding of a site.

Dr. Jatinder Kaur Presenting Webinar

Dr. Kaur discussed various survey methods involved in better understanding of a site. Further she shared a student residential house project and how the design process evolved. The importance of site analysis and its impact in a holistic way from the occupants to the entire society as a whole.

Dr. Kaur explaining analysis involved in a sample residence

Dr.Kaur emphasized and explained various analysis to be considered including and not limited to Vicinity analysis, Vegetation analysis, View Analysis, Climatic analysis, Contour analysis, Geological Base analysis, Local regulations & Land use analysis.

Her webinar ended with a question answer session for the attendees.

MBS School of Planning and Architecture thanked Dr. Jatinder Kaur for her invaluable time and giving the students such an informative webinar.
