

Site Visit

Date: 15th June 2022

Venue: National Rail Museum

Batch: 2nd Year

Coordinated by:

Ar. Mansha Samreen

Ar. Kriteeka Sharma

Ar. Divesh Wadhwa

MBS SPA organized a Site visit to National Rail Museum in order to improve students' visualization power and enhance their practical approach while designing museum and to learn various elements of design and building through site observations and analysis. From group discussions to live sketching, the learning experience for students amplified from merely studying indoors to having a wholesome experience outdoors..

- Students learning from the exercise
- 1. Students analyzed the Site Planning in detail.
- 2. Entry/Exits to the site as well as building entry/ exits.
- 3. Division of indoor and outdoor exhibition spaces.
- 4. Movement Patterns such as Vehicular and Pedestrian.
- 5. Landscape elements and levels at different spaces and how to treat design them.
- 6. Elevations of buildings and their importance in terms of and overall approach.

Report Prepared By: Ar. Kriteeka Sharma (Assistant Professor)
