## MBS SCHOOL OF PLANNING AND ARCHITECTURE

SECTOR – 9, DWARKA, NEW DELHI

GGSIUP University

The interactive workshop aimed at imparting general awareness on green buildings and GRIHA along with making students learn about designing efficient built spaces by being mindful to human comfort conditions. The students learned about sustainable design strategies for optimum building performance through audit exercise on visual, thermal and acoustic comfort.

Mr Akash Deep, senior Manager, GRIHA Council talking about GRIHA rating system with the fourth-year students of MBS SPA.

Audit exercise on visual, thermal and acoustic comfort in progress with the students of MBS SPA.

All the participating students were awarded with a certificate of participation by the GRIHA Council.

The workshop also focused on calculation of day lighting and optimum shading design and hands on exercises were conducted with the students. At the conclusion of the workshop the participating students were awarded with a certificate of participation by the GRIHA Council.
