

WORLD SPACE WEEK 2019

World space week was celebrated in the school on 4th October 2019. An inter house astronomy quiz was conducted for the senior school students on the topic “History of ISRO and its contribution in making India one of the lead countries in the field of space sciences”. The participating teams of the quiz were well prepared and gave a tough competition to each other. While preparing and answering the quiz they got a better insight of the work done by ISRO.

For the primary school an Astronomy Fair was conducted by the members of astronomy club in which various interesting activities and fun games were performed by the visiting students to understand basic concepts of space and astronomy. They learned the rocket science by playing the game Balloon Rocket Race. The concept of safe landing using a parachute, was explained by the activity ‘A-polo-Naut’. Fun game ‘Catch the meteors’ helped them to remember the difference among a meteoroid, meteor and meteorite. It was a joyful learning experience for the primary school students.
