

## **ISA English Project 2020-21**

### **Inter House Mime Competition**

As part of the on-going English ISA Project, students participated in an Inter House Mime Video Competition held on 14<sup>th</sup> August, 2020. It saw students collaborate with their team members to make mime videos on the topic, 'Depiction of Social and Ethical Issues through Mime.' Two participants from each House, that is Ganga, Yamuna, Sindhu and Godavari had to submit their videos via online mode.

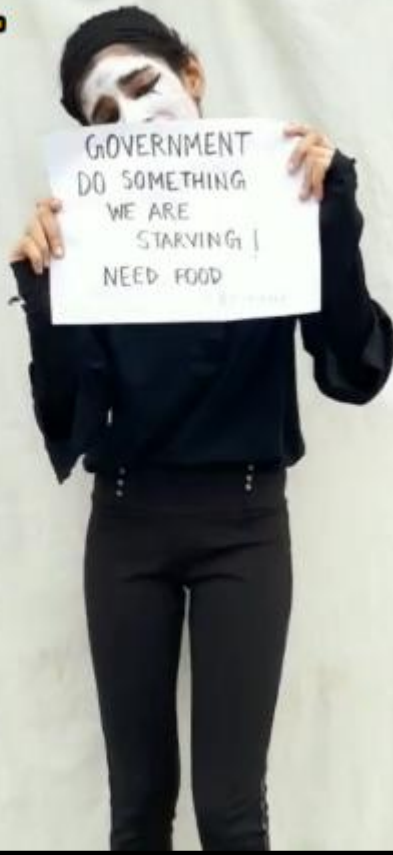

The duration of the movie was 2- 2.5 minutes and the general rules and guidelines were shared with the students. They arranged meetings on Meet and Zoom with their House participants and discussed the topic. Students studied the social issues from the focus countries being Greece, Rome, France and India as well as the various techniques and nuances of this art form and presented their 'stories' keeping in mind bodily actions and movements, facial expressions, gestures etc . All the acts were a delight for the viewers and each one was different than the other in all aspects.

All the videos were judged by Ms. Madhu Negi, Ms. Sonal Shukla and Ms. Nidhi who appreciated the creative efforts of all the participants. The winning team was Ganga House with a maximum of 17.5 points.
