

GANIT WEEK (16th Dec 2018 – 22nd Dec 2018)

India, a land famous for its rich culture, heritage and recipient of unprecedented legacy of famous kings and warriors of different eras has also been the birth place of great mathematicians namely Bhaskara, Aryabhata, Brahmagupta and many more... One among these mathematicians was Srinivasa Ramanujan.

To mark the birth anniversary of famous Indian mathematician Srinivasa Ramanujan, every year Ganit Week is celebrated with great enthusiasm and vigor. In continuation with this tradition a series of events were organized in our school this year too.

The celebration started with the Power point Presentation on contribution of famous Indian mathematicians by students of class 8. Their life history, the hurdles they faced in their times and amazing facts given to the world by these mathematicians were highlighted. It was followed by Maths Dance performance by Primary School students.

Students of classes 1 and 2 participated in a string of mind boggling activities like Sudoku on 19th December 2018. A puzzling game of numbers, Sudoku kept these little wizards of Maths well occupied and also allowed them to use their analytical abilities.

An intra class Math quiz was organized on 20th December 2018. This session was conducted in the presence of the respected Head Mistress Ms. Rajni Teckchandani. All the students were thrilled and excited for the competition. Audience were spellbound on seeing the quick thinking and spontaneity of the enthusiastic young students.

A Mathematics Maze Competition was organized for the students from classes 6-7 on 20th December 2018 in the Math Lab. Students were grouped into team of 4 students each to trace the route by following the clues mentioned at each step and complete the message in the end. The students were seen engrossed in the calculations with their teams until they finished and came out of the maze.

Students of classes 9 and 11 participated in Inter House Maths quiz on 21st December 2018. The event tested their thinking, logical and reasoning ability in **Catch me if you can, Arithme-pick , Who am I , Logic-o- linguistic** rounds . Participating teams as well as the audience along with teachers thoroughly enjoyed the event.

Students of Pre-primary department participated in the Ganit Week Celebrations by performing a joyful number song on 22nd December 2018. Through the rhythmic song the students depicted the formation and sequence of numbers.

The weeklong celebration culminated with a workshop conducted by Ms Jharna De for all the Maths teachers in the Maths Lab. The activities and the worksheets shared by her for teaching of Primary students enriched all the teachers and equipped them for more interesting and better T- L experience in times to come.
