

Students of Bloom Public School emerged winners at National Level Science Exhibition 2014-2015

Sanjit Das Gupta and Kanishk Jayant Lal Std XI students of Bloom Public School emerged winners at the 42nd National Level Science Exhibition 2014-2015 conducted by CBSE. The regional level exhibition held at V.V.D.A.V Delhi saw 311 schools from various regions of Indian move on to the final Exhibition held at Gurgaon. Under the theme Information and communication technology the students from **Bloom Public School** created a Student Tracking and Monitoring System which is designed to check the presence of students in school. This is a GPS enabled system and consists of both mobile and windows application. The students are provided with a GSM enabled id card which will serve as a purpose for the GPS device.

Sanjit and Kanishk have now been invited to the **IRIS National Fair**. Initiative for Research & Innovation in Science (IRIS) promotes and nurtures science and scientific research among the younger generation. Every year the IRIS National Fair brings together the best minds and recognizes and rewards outstanding projects and provides a platform for these young innovators to get recognized at national and international stage. Sanjit and Kanishk will be attending the IRIS Mentoring camp on the 27th and 28th of June 2015 to be held in Delhi before they move on to the IRIS National Fair.
