**SUMMER HOLIDAYS- PRE PRIMARY**

**Dear Parents**

*Holidays are opportunities for friends and relatives to get together and celebrate life. Our lives have become so hectic and stressful that we spend way too little time with the people we love. This causes all sorts of health problems, both emotional and physical. Human beings need to realize that we function in a community and we need each other's support. It is imperative that we use the holidays that we are given to spend time with our loved ones.*

**Our kids have been brought up in a world of technology, and while video games can be beneficial for critical thinking it is not really a past-time that gets creative juices flowing. The answer is not to take technology away from our kids but to show them a balance. This will help them to be more grateful for what they have and to create things on their own. So here to keep our little ones a bit engrossed we have planned the assignments. Though teachers will not be physically present to keep a supervisory eye on the children and their work, Guardian Angels at home i.e. you parents are there to take care of their emotional, social, physical and academic needs.**

**We hope the homework will be well managed and presented so that all our children earn a golden star in all the subjects as each subject Holiday Home work carries Separate Grades.**

**NOTE FOR PARENTS**
