

GREENWAY MODERN SCHOOL

Holidays Homework

Class VII

SCIENCE

- 1 Fast food is not good for health. Compose a story with the above message wherein a girl explains to her younger brother, the bad effects of eating fast food.
- 2 Perform iodine test on any five food items. Record and report your result with pictures.
- 3 Conduct a random survey of 30 people in the neighborhood. Find out the blood group of these people and note down in a tabular form. From the table find out the blood group which shows maximum occurrence.
- 4 Make a list of various materials found at home and classify them as magnetic and non-magnetic with the help of a magnet. Also paste the pictures.
- 5 Make a poster on 'Save Yamuna'.
