HOLIDAY HOMEWORK

DEAR PARENT,

For next one month, you, their natural guardian will spend the vacation with them. Let's share some tips to make this period fruitful and happy for them.

1. Share stories about your childhood and your family history.
 2. Make them spend time with their grandparents to create a bond. Their love and emotional support is very important for them. Click snaps with them.
 3. Have at least two meals together with your children teach them the importance and hard work of the farmers and ask them not to waste their food.
 4. Let them wash their own plates after one meal. Children learn dignity of labour from such activities.
 5. Make them learn five new words every day and give them a small paragraph to write.
 6. Ask them to learn at least two English songs.
 7. Gently encourage your child to raise a kitchen garden by planting seeds. Knowledge about plants and trees is very essential.
