★ What we planned earlier?

Earlier we planned that we all would go to our maternal uncle's house and will celebrate Rakshabandhan there only. But because of coronavirus, we couldn't go there.

★ But how we celebrated it this time?

This time we celebrated Rakshabandhan even in a more exciting manner. We got much time so we gave it to our family and celebrated this festival full of joy and happiness.

This was truly a memorable festival.
