REPORT

Title of Workshop – Fun session with Sony YAY!

Date – 25th September 2020

Classes – 3rd to 5th

Duration – 1 hour

As it is observed that “Children want the same things we want . To laugh, to be challenged, to be entertained and delighted”. Keeping in mind the above thought, an exciting and fun session with Sony Yay! was organised by our school for all the students of class III to V to make them have some fun and learning with their favourite Sony Yay! toons. Sony Yay! is basically an Indian pay television channel aimed at children, operated by Sony Pictures Networks India. The session was taken by Mr. Ronald Menezes. He began the session in a very exciting manner and discussed with students about the different cartoons like “Honey Bunny ka jholmaal” that are displayed on the channel along with their time slots. Interesting videos related to the same were shown based on which he took up the quiz and asked interesting questions from students. He also took a tongue twister challenge with students. During the session, besides the different fun activities’ students were given a chance to listen to the Do's and Don't that they should keep in mind during this pandemic situation. They were guided on how they can create a mask at home by the art genius Lalon. Overall, the session proved very fruitful.
