

Principal's Message

As we all know that COVID-19 with its sudden upheavals has changed our routines and lifestyles. This pandemic has accelerated many existential issues and has created new psychological situations and challenges for people but nothing could stop us to fulfill our commitments & responsibilities. The session 2020-21, made us experienced a plethora of high-level activities in school and virtually. Not only smoothly and victoriously completed the academic year, Greenway organised many phenomenally successful fests, celebrations, webinars, workshops, competitions and so on and so forth. All this could be possible with the constant support and coordination & cooperation of my teachers, students and parents, I'd like to thank everyone. Soon the situations are going to be completely under control and we'll find a normal pathway to walk on. Keep practising social and physical distancing, take care of yourselves and heal the Earth. Remember, humanity has seen worse and everytime we've bounced back. We will, again. Being hopeful is the key. Stay safe!

INDO- RUSSIAN CULTURAL EXCHANGE PROGRAMME

As the Covid-19 pandemic is still unravelling, closure of schools have impacted the students a lot. Against this backdrop, Greenway Modern School, Dilshad Garden adopted a new approach to help its students gain international perspective and experience by encouraging virtual cultural exchange programme with St. Petersburg, Russia. This way, around 35 students of class IX from school no. 349, St. Petersburg, Russia were able to connect digitally (via Zoom) with the students of Class IX of Greenway to share their knowledge and learn from each other.

During the first virtual session held on 18th November 2020, the Russian guests were given a detailed description of India's geography, its monuments, followed by a virtual tour to the Taj Mahal and the vibrant festivals of the country, mainly Diwali which is celebrated with gusto globally. A week later, the Russian students also presented many PPTs related to their famous food, traditional dances, important dates etc. It was really a very informative session.

On 21st December 2020, we successfully conducted the second virtual session of the cultural exchange programme with Russia wherein the students and teachers of both the schools interacted with each other. In the session, the students of Greenway presented many PPTs, videos, live demonstrations etc. on Art & Craft and Food of India to make the Russian students know about the same and understand Indian culture. On 23rd December, the Russian students made the students of Greenway aware of their monuments and various beliefs with the help of videos and ppts. It was a great session.

On 2nd February 2021, Greenway Modern School, conducted the final virtual cultural exchange program with Russia. The students of Greenway presented the videos on science and technology of our school along with Science and Atal Tinkering Lab. Students also told the Russians about the Indian schooling system and NEP along with various Indian dance styles. On 3rd February students from Russian School presented a video of their school, schooling system and important festivals of Russia with the help of ppts and videos. It was really a great opportunity for the students and teachers to interact with each other. The certificates of participation and appreciation were presented to the teachers and students of Greenway as well as St Petersburg School no. 349 and Mr Mangalam.

It is rightly said that "Where there is a will, there is a way". This is proved by Greenwanians by not losing hope and apart from academics & activities conducting the online exchange programme successfully.

The Principal of the school appreciated the efforts of the students & teachers who were the part of this exchange programme. The teachers who were a part of the exchange programme are

* Ms Yogyata Mathur * Ms Jaishree Shreedharan * Ms Sana Khan * Ms Shruti Barman

The student representative who anchored the programme very efficiently is Nupur Bubna of class IXA.

The programme ended with the vote of thanks by Mr Manglam Dubey who appreciated the efforts of both the schools for taking such an initiative of online exchange. This virtual exchange programme has given a perfect platform to the students of both the schools (representing their respective country) to share unique experiences and deep insights. It also develops cross-cultural collaborative communication without any boundaries constraints.

There are only two lasting bequests we can hope to give our children. One of these is roots, the other, wings! The role of a school is not only to pursue academic excellence but also to motivate and empower students to be life-long learners and productive members of the global society. School may look different this year with online learning and, hopefully, at some point returning to an in-building hybrid model.

Yet what will never change is our commitment to serving our students, families and community with care, compassion, and dedication. HT has always provided the educators and students a pathway to learn new things and intensify their creativity. HT PACE brings forth a platform that enables our students to understand new dimensions. Codeathon is child-friendly and instructive for the young minds to make them have a better understanding of coding and the languages. We want all our students to experience success and a steady growth in academic and co-curricular achievements. We are constantly striving to improve our teaching methodology so that it turns learning into combination of E-study, research and discovery.
