Class 10 is undoubtedly a huge step in students' lives. It is the year where the pressure of boards, choosing a stream, thinking of a career path all falls upon them.

During such a time, guidance from experts prove to be extremely useful to narrow their choices and make the important life shaping decisions.

keeping this in mind, the third workshop was conducted by Dr. Reshma Wadhwani Vats from Rishihood University.

On 28th May, Aniket, our ex student conducted a webinar on carrer guidance for the students of class IX and X. The students were really excited as they could have a heart to heart talk with someone, they could easily relate to.
