

REPORT

"No service is greater than service to mankind and the greatest servants on the earth are the doctors."

Doctors are regarded as next to God as they serve the humanity selflessly.

The team of class 7 held a virtual assembly in July 2021 on "Doctor's Day" to highlight the importance of the day and spread awareness about the role of doctors in our lives. The assembly began with prayer followed by the thought of the day. A vibrating article highlighted the importance of doctors and their service was delivered. The different field of doctors were also imparted by a video clip. Melodious poems, thrilling dance, wonderful skit, were also presented by grade 7 students.

The assembly came to a closure with a thoughtful message by paying a perfect tube to all the doctors who have made relentless efforts towards the lives of everyone and depicting the true symbol of lover, sacrifice, bravery and courage. They are respected everywhere in society.

The whole assembly was beautifully knitted in form of movie and showcased the relentless service of doctors.
