

CAPAX INFINITUM - AWARDEES

An inter school competition was held by Delhi Public School, Sector 45, Gurugram “Capax Infinitum”. Tanya R Nair, Kshitij Sharma and Sarthak from Class 10D participated in the “Time Lapse” competition and won the Second Place for the same.

“Time Lapse” was an event in which participants were required to narrate a story about an “idealistic future”, and accompany it with a drawing illustrating our version of the “ideal world”.

Tanya, Kshitij and Sarthak all worked together on a plot, which was then scripted and narrated by Tanya and illustrated by Kshitij, while Sarthak compiled and edited the audio while also voicing one of the characters.

The story they presented started with the main character finding a letter which invited her for a trip to the future. As she is transported to the future, she is left awestruck by what awaits her - levitating automobiles, funny looking architecture, no-touch smartphones, robots and so on.
