ACTIVITIES AT A GLANCE

APRIL 2019

World Heritage in India

India is one country that has been ruled by leaders from different religious and cultural backgrounds, like Aryans, Guptas, Mughals, Britishers, etc. And all of them have left their marks on the Indian soil, in the form of monuments and sites, that are protected and resurrected till date. World heritage day has an important part to play in this colourful land, where you can find huge tombs sprawling over the land, towers that are so high that one can feel the sky and sites- so beautiful that keeps you mesmerized. India has all of it and to maintain these monuments and keep them alive for our upcoming generations, this day is celebrated to spread awareness among the visitors to protect these priceless monuments. Let us join our hands to save this heritage by sensitizing people through these activities :-

THIRD	JHELUM

COLLAGE MAKING

FIRST	YAMUNA
SECOND	GANGA
THIRD	JHELUM

HOUSE RANKING UPDATE

YAMUNA	5
SATLUJ	3
GANGA & JHELUM	2

WORKSHOP ON ADOLESCENCE

APRIL 22, 2019

Adolescence is the age of change. It is a vulnerable time when kids can develop unhealthy habits that grow into problems in their adult life. Behavior issues of adolescence, which are quite common, also crop up during this time, making it impossible for parents to reach out to their teenagers.

Today's small family and great mobility have created special problems for adolescents. Many teenagers on their road to independence, go through a stage when their parents seem hopelessly out-dated. During this period, no parental advice is acceptable. In years past, other members of the extended family could substitute for the parents. Now teenagers are thrown on their peers for advice, peers trying to cope with the very same problems.

Keeping all these problems in mind a workshop and discussion session was organized for the girl students of classes X,XI and XII. Dr. Mangla explained everything related with adolescence and answered almost all the question coming from the girls. The workshop proved to be very informative as the girls could clear their doubts in the most healthy way.

A query box is proposed to be installed in the school campus where all the students could put their questions, which would be discussed by the expert in the most friendly manner.

MORNING ASSEMBLY CALENDER

APRIL CLASS – VI

Let us begin the new session with the tinkling sparkle of our youngest members of the family. The senior wing is all set to applaud for your majestic presence. Exhibit your talent and capture the stage. We wish you all the best for attaining new heights and setting new bench marks.
