

Founder's Day

Today on 24th of July 2018, DPS Maruti Kunj celebrated its 23rd Founder's Day through a much awaited and enthusiastic gathering. The assembly of this auspicious occasion was organized by the Vice Student Council'18 and began with a melodious prayer.

The topic being 'Education' was rightly reflected through the quote "The root may be bitter, but the fruit is always sweet." A nukkad natak was presented to acknowledge this idea, where students acted as the school alumni; discussing the memories of their days in school and also of the teachers they couldn't forget. An important idea was instilled in students' minds that the idea of school might bother them now, but it will most definitely be a cherished memory in the near future.

The news and updates with positive artifacts was definitely eye opening on this bright Tuesday morning. A twist to the "School News" had the students' eyes gleaming with mischief and recognition. A folk song was sung by the choir group which was equally beautiful.

The assembly came to an end with our honorable Principal Sir, Mr. Akhilesh Chandra Chaturvedi, encouraging students to accomplish their goals and not waste golden opportunities of betterment.
