

As a Part of Community Outreach program Students of ITL celebrated Christmas and New year with children of Don Bosco Orphanage

Name of the Event -Visit to Don Bosco Orphanage

Date -12 .01.2023

Participants -Class IX and XI students

"It is not about how much we give, it is about the love we put in giving"

In an effort to inculcate compassion, humility and inclusiveness amongst the youth, ITL Public School paid a visit to Don Bosco orphanage, on 12 January 2023 where they got a chance to meet 120 children.

Items like Dry ration, stationery and hygienic supplies were shared with a righteous and empathetic attitude which was liked by the children there. With a caring attitude students interacted with the children and shared the stage. The difference between both the sides of children was hardly felt as they had bonded with each other and talked as if they were old mates. As it is said that Christmas is the season of joy and love, ITLeens also celebrated Christmas and New Year with a cultural program and goodies. Lastly,

the goodbyes were felt by both sides and emotions were in the air. The visit encourages us to do more for the needy and assist them and make this world a better place for all.
