

ITL PUBLIC SCHOOL

PRE PRIMARY WING

PRE -SCHOOL PARENT ORIENTATION PROGRAM SESSION 2023-24

An Orientation Program was organised at the ITL Public School for the young learners who'll be in the realm of education for the very first time. The event started with an Invocation Song, followed by a marvelous Dance Performance by the teachers. The amazing Puppet Show acted as an ice breaker. We had an informative session by the Guest Speaker Dr. Jitendra Nagpal, a renowned Senior Consultant Psychiatrist, Instt of Mental Health & Life Skills Promotion. His insightful thoughts on childhood being a journey not a race, the power of an individual to change the course of a country and a reminder on the importance of love indeed inspired the audience.

The parents had a reinsurance when they witnessed a tour of the school and the activities the school holds for the toddlers when they enter the gates to make their impact on the world.
