The students of class IX from each house participated in the competition. Each house was represented by a team of two participants for each category ‘for the motion’ & ‘against the motion’. The students were selected on the basis of their communication & oratory skills. They learned to analyze complex issues, gather evidence, and present their arguments in a logical and persuasive manner. They also learned to listen actively, respond to arguments, and work collaboratively with their team members. They participated with great zeal and zest in the competition.
