

ITL PUBLIC SCHOOL
SECTOR-9, DWARKA
NEW DELHI-110077

SUBJECT: Report on Awareness activities for World Malaria Day

NAME OF THE EVENT: World Malaria Day

DATE: 25th April 2023

CONDUCTED BY: SCIENCE DEPARTMENT

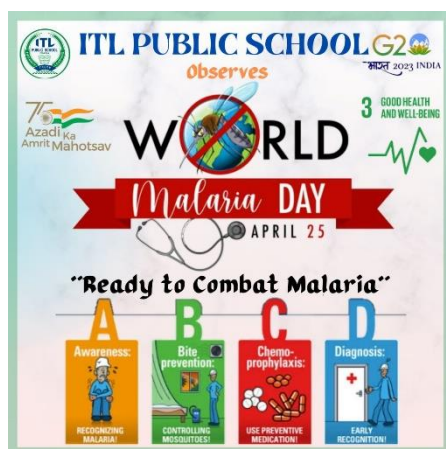

STUDENTS PARTICIPATED: I-V

"Defeating Malaria is Absolutely Critical to Ending Poverty, Improving the Health of Millions, and Enabling Future Generations to Reach their Full Potential". - Tedros Adhanom

ITL Public School observed **World Malaria Day on 25th April 2023** for spreading awareness among young ITLeens against this deadly disease. World Malaria Day (WMD) is observed annually on 25 April, to bring global attention to the efforts being made to bring an end to malaria, and encourage action to reduce suffering and death from the disease.

World Malaria Day is an occasion to highlight the need for continued investment and sustained political commitment for malaria prevention and control. malaria. In this context, teachers and students discussed the role of malaria vaccines in preventing the transmission of malaria.

World Malaria Day 2023 marked under the theme “Time to deliver zero malaria: invest, innovate, implement”. Students of Classes I-V focused on raising awareness about the need to “implement” the tools and strategies available today, sensitizing awareness about malaria, its impact on people’s lives, and the need for action to combat this disease, through the Poster on WMD
