"Leadership is the creation of an environment in which others are able to self-actualize in the process of completing the job".

J M International School, Dwarka held a workshop for students of Grade VI-VIII on the theme "Leadership".

The workshop was conducted by Mrs Vandana Tandon, Guidance Counselor working with

the Times of India's NIE initiative.

Mrs Tandon stressed on the importance of being a lifelong learner and shared various anecdotes, held group activities, used playful methods to acquaint the participants with the topic at hand and enhance their understanding about leadership and the qualities of a strong leader.

The workshop was an enriching experience for all the attendees as it helped in imbibing leadership skills in their lives. Together, the students worked on identifying qualities of an inspirational leader, and even created a SMART plan to transform themselves into a leader. With the analogy of a football team, students were able to draw parallels to life and resolved

their own understanding of an ideal leader.

The workshop was successfully able to motivate and help the learners identify what makes real life leaders memorable.
