

ITL PUBLIC SCHOOL

Summer Engagement Program 2023-24

Class XI: Computer Applications

Millets are a highly varied group of small-seeded grasses, widely grown around the world as cereal crops or grains for fodder and human food. Also Millets are anti-acidic, are gluten free and detoxify body. Niacin (vitamin B3) in millet can help lower cholesterol. Keeping in view growing importance of millets prepare an info graphics covering following aspects —

- 1) About Millets
- 2) Health benefits of millets
- 3) Type of Millets
- 4) Sources of Millets.

5 steps to create info graphics

Info graphics should be engaging, eye catching.

Each student has to design 5 info graphics. Try to refrain plagiarism or have to bear serious consequences.

For Submission:

Upload Softcopy of work in google classroom, code for same is: zu4zw72
