

World Autism Awareness Day

Date: 2 April 2023

Venue: Respective Classrooms

Organised By: ITL Public School

Conducted By: V- X students

World Autism Awareness Day (WAAD) is celebrated on 2nd April every year. Autism is a developmental disability caused by differences in the brain. “Transformation: Toward a Neuro-Inclusive World For ALL” is the theme for WAAD 2023. Individual counselling sessions were organised at ITL Public School completing the trinity of stakeholders: Children, Parents and Teachers. Numerous innovative strategies are practiced throughout the year so that learning continues for all, leading to holistic development of Students. This year we should all acknowledge the needs of autistic individuals, so that they also feel accepted, respected and valued.
