5.	Brief description of the learning objectives, content of the activity and competencies acquired	<p>➤ <u>Learning Objectives-</u></p> <p>➤ Cognitive learning objectives- Learners will be able to understand the relation of the harvest festival with the Sun.</p> <p>➤ Socio-emotional objectives- Learners will be inspired by the harvest festival which is celebrated all over India with different names and instills the value of unity and brotherhood.</p> <p>➤ Behavioral learning objectives- - Learners will be able to embrace the value of solar new year and the onset of spring season.</p> <p style="text-align: center;"><u>Brief description of the activity-</u></p> <p><i>As the sun enters the Aries constellation, and the earth begins to bloom with new life, Baisakhi is a time for new beginnings and renewed hope.</i></p> <p>On April 14th, 2023, ITL Public School observed Baisakhi. In Northern India, the movement of the sun on Baisakhi marks the beginning of the solar new year in the traditional Sikh calendar, and it is celebrated with great enthusiasm and fervor. In South India, the movement of the sun is significant during the Tamil month of Margazhi and the Tamil New Year, known as Puthandu. Furthermore, the sun is a vital source of energy and light in this tropical region, and it is closely linked to agriculture, which is a significant source of livelihood.</p> <p>➤ <u>Competencies acquired-</u></p> <p>Strategic competency, Critical Thinking competency, and Integrative Problem-solving competency</p>
6.	Time period of this activity	1 Day
7.	Evidences included	Poster
