

Welcome back to school

Event: Welcome activities

Date: 3 April 2023

Classes Involved: III-V

“A new school year means new beginnings, new adventures, new friendships, and new challenges. The slate is clear and anything can happen.”

In order to celebrate the beginning of another new academic session 2023-24 an array of activities was conducted on 3 April 2023. As a part of International Year of Millets 2023 celebration the students presented millets in a creative way. Millets are a whole grain packed with protein, antioxidants and nutrients. With the aim to create awareness about the consumption and production of millets a TED talk was organised. Videos on millets were also be shown.

The students created beautiful bookmarks of various designs and drew a millet on it. They also wrote an inspirational quote on it.

The students of Class III wrote their qualities on head gears. Class IV students' wrote their aim on a tie made by teachers. Students of Class V were given millets in a small bag which they sowed at home.

Students made paper folder and decorated it by drawing or pasting pictures of millets. They also mention the name of the millet displayed on the folder.
