

## **POCSO COMMITTEE**

The challenges of gender inequality, eve teasing and sexual abuse in school environment call for increased awareness and creating synergy among parents, teachers and the school. In order to ensure strict compliance of the Protection of child from sexual offence under POCSO Act 2012, MBS International School has taken several initiatives and actions for creating awareness about sexual exploitation. The School has an important part to play in realizing child protection as children spend a significant amount of their childhood in the school environment, which is the next influential setting for the child after the family. MBS International School has created and implemented an effective Child Protection Policy which efficiently includes child protection into all our processes, curriculum and staff recruitment.
