Date: 26.05.2023

Duration: 1 hour(10:15am to 11:15 am)

Venue: School Auditorium

Details:

'Man's life is independent. He is born not for the development of the society alone, but for the development of his self.' - B.R Ambedkar

A CCD Workshop on 'New Age Career Options' was organised by J M International School, Dwarka for the students of class IX on May 26, 2023. It was conducted by Mr. Prashant Bhatia. The interactive Career Workshop helped students to understand various opportunities, latest trends and factors which need to be considered before deciding the most suitable career path. Mr. Prashant also discussed about online summer courses that offer a unique opportunity to have fun, learn new things and to embark on a great voyage of self-discovery. He added that a summer school course goes a long way in proving the level of academic commitment towards a subject. Moreover, the myriad skill sets gained during summer school on their CV, create a positive impression on their future employers, regardless of their future career path. The resource person also told the students about a Psychometric test or an Aptitude test which provides an insight into someone's cognitive ability and indicates the potential of a candidate to excel in a position or career.

At the end of the workshop, Mr.Bhatia answered students' queries and extended an invitation to seek further guidance if required. Students were motivated to discover themselves after attending this workshop.
