**Date:** 12 July 2023  
**Venue:** ITL PUBLIC SCHOOL(MPH)  
**Organised by:** ITL PUBLIC SCHOOL  
**Class:** V

**“The future belongs to those who learn more skills and combine them in creative ways.”**

In sync with Skill India Mission, ITL Public School organized ‘Skill Week’ from 11-14 July’23 to encourage students to be ingenious and learn new skills. Such activities enhance the physical, artistic and emotional aspects in students.

In collaboration with Hindustan Times a workshop on making ‘Fridge Magnets’ was organised for the students of Class-V on 12 July 2023. The Resource Person Mrs. Priya Pandey guided the students to design attractive fridge magnets using clay, acrylic colours, magnets and paints. Through the activity, students learnt to value and appreciate artifact. The activity helped the students to reach the next level of artistic confidence blended with innovation and creativity.

All the students were successful in creating beautiful Fridge Magnets. They were very excited to showcase their work. The overall experience was very delightful and everyone was elated by the skill acquired.
