<b>PARTICIPANTS</b>	<b>Eco-Buddies (IV-XII, one from each class)</b>
<b>Date of conduction</b>	<b>July 24,2023</b>

### **Plastic Bank Installation and Sensitization workshop for Eco-Buddies on Plastic Waste Management**

ITL Public School collaborated with Lakshya Foundation, a society for social and environmental development, to install Plastic Bank within the school premises as an initiative towards making the school a zero waste campus to ensure proper segregation and recovery of plastic waste. A workshop was organized on Plastic Waste Management which was attended by Eco buddies who were the student representatives from classes IV-XII. Mr. Sumant Shekhar, Founder, Lakshya foundation was the resource person. He sensitized eco-buddies towards the importance of plastic waste management by highlighting the benefits of reducing and reusing plastics from our daily lives and the methodology of recycling and recovering plastic waste. The Eco-Buddies were given badges and the responsibility of spreading awareness among their classmates .The Plastic waste will be collected in the Plastic bank and will be finally collected by Lakshya foundation .The waste will be recycled to make T-shirts, jackets, stoles, chairs, stools, planters etc . The recycled products will be used within the school campus to make it a zero waste campus.
