CONTENT OF THE SESSION:

A workshop on behavior problems by Ms. Vandana Tandon was organized for students of classes IV and V. The workshop played an important role in reinforcing the students' perception in general. In specific, it clarified that how behavioral management is important for positive environment.

The workshop was beneficial in helping students to understand the role of elders in their lives, that how an elder is important to make them tackle their behavior problems.

Students were given various situations and were asked to provide a solution for the same. Accordingly, students were briefed and guided about the steps they should take in various situations.

Some of the points highlighted at the workshop are as follows:

- Avoid unnecessary power struggles.
- Start with tactical ignoring.
- Have a positive mindset and attitude.
- Reestablish the relationship.
- Share your thoughts and feelings with teachers and parents.
