CIRCULAR

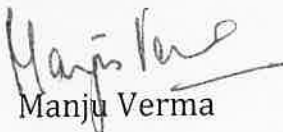

Dear Parents,

Greetings!

The greatest gift in this noble profession of teaching is the joy we obtain in seeing our children learn and grow every day. There is no bigger reward than being a part of the lives of these bright stars. Each year our little ones bring thoughtful material gifts on Teacher's Day to express their gratitude. However, their love and respect are the only gifts we hope for. **We, therefore, would like to humbly request you to not send any gifts on the occasion of Teacher's Day.**

Thank you for your continuous support!

Warm Regards

Manju Verma

Principal
