

REPORT OF INTER HOUSE COMPETITION – GAME OF FRAMES

Name of the Activity : Game of Frames

Day & Date: Wednesday, 18 October 2023

Class: VII

Activity Incharge : Mr. Satpal Singh

Teacher Incharge : Mr. Satpal Singh

A Glimpse of the Event

"Mathematics is the most beautiful and most powerful creation of the human spirit." - Stefan Banach

Objectives: To enable participants to develop:

- The habit of doing activities and exercises that encourage them to think aloud, share their thought processes, and make their thinking visible.
- Collaborative learning, where students work together to solve problems and explain their reasoning and achieving their goals in a competitive approach.

An Inter House Game of Frames Competition was organized on 18 October 2023 for Class VII. Eight students from each house participated in the Competition that was divided in three rounds. They were given a particular design to make with the help of cut-outs of different geometrical shapes. All the students thoroughly enjoyed and participated with zeal. On the behalf of all rounds' score, winners were chosen. It encouraged participants to engage in meaningful discussions about the mathematical concepts and strategies they use during working together. It was really an amazing experience for the students.

POSITION	NAME OF HOUSE
➤ FIRST	➤ VEVEKANANDA
