Twelfth Fail by Anurag Thakur

Summary - It's a book about a student named Mamoj who had failed in class ~~XII~~ / Twelfth and had wanted to become an IPS officer like the SDM he met in the cricket field.

Favourite Character : Mamoj.

Why? = he had failed class 12th but had determination to become an IPS officer.

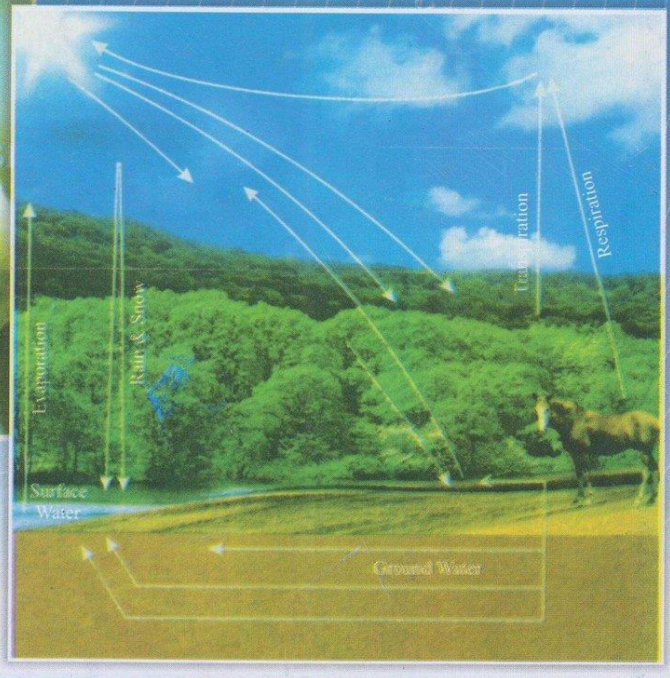

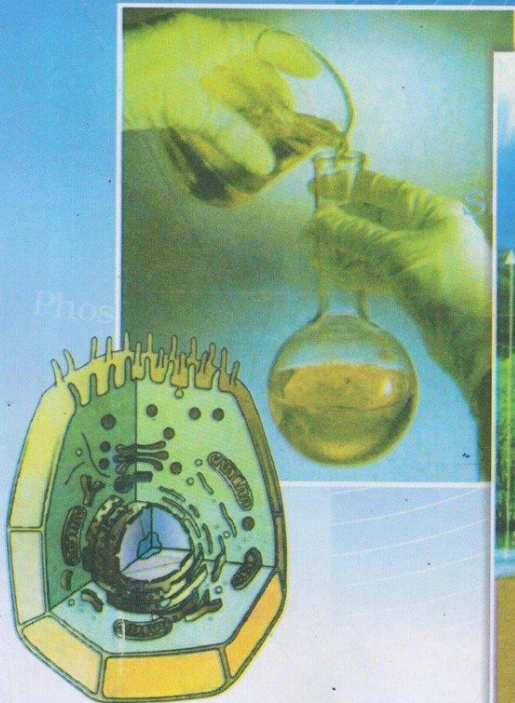

Why I had liked this Book \rightarrow It will inspire a million of young people who want to become IPS but can't score good marks.

SCIENCE AND TECHNOLOGY

Summary → This book is a Gift of our class 8th NCERT, SCIENCE TEXTBOOK. All the topics ranging from crop, micro-organisms, friction, force, Endocrine System etc are covered thoroughly and explained with the help of diagrams, activities, and Test section is also provided for students to analyse their learning. This provides us with a deep understanding, learning of the concept and topic. It is like an extension to the NCERT BOOK. A detailed and interactive way to understand even the toughest concepts. It's easier to understand the topic, and test yourself after each topic with this Book. It provides a large number of questions for practice and you can get with a strong foundation for higher ~~levels~~ classes with the help of this book.

WHY I ISSUED THIS BOOK? → The major ^areason for me issuing this book was that I wished to explore the world of science with the help of a proper guide. This book has guided me with my studies and built a strong foundation.
