2022 APRIL

Late Shri Srinivas Sharma

(Founder of Arwachin Group Of schools)

www.arwachinkids.com

It is always with love and warmth that we remember some people whose memory never ceases to be a part of the fabric of our life. Born in small village of Hisavada on 12 January 1925, Shri Srinivas Sharma ji started his professional journey as a Hindi teacher in a commercial school. He felt that the noble endeavour of education must be spread far and wide and started working in this direction. His hard work , determination and love for his dreams took the tangible form on 1 January 1960 with the establishment of first school in Arwachin chain of schools in Balbir Nagar. By and by Arwachin achieved heights of success and that led to the opening of many branches like in Vivek Vihar, Ghaziabad, Bhopura, Dilshad Garden and in Pilkhuwa.

It is due to his blood , sweat and tears that Arwachin Group of Schools which started with 13 students now has over thousands of students.

This NOBLE man with a heart of gold left us with these wonderful and inspirational memories on 5 November 2011. The man who elicited love, affection and respect in all is rightly remembered as “BAUJI”, the father , the life giver, the inspiration , the one who was loved by all. And as Thomas Campbell said if you , “live in hearts you leave behind, it is not to die”.

Mr. Abhinav Sharma

(Director - Arwachin Public School)

Understanding Leader & Leadership

This thought by John Adams is and has always been one of the guiding dictum of my life. Life will always offer seemingly insurmountable difficulties and it falls on the individual to rise above them. In order for that to happen one needs to inculcate indomitable spirit and integrity of character. And, this undying spirit is what we seek to build in each and every student of our school.

At Arwachin we understand that each child has got unique needs. Each child is like the first leaf of a sapling- beautiful delicate and significant. Keeping in mind the beautiful different selves of the children who are a part of the Arwachin family, we offer myriad curricular and co-curricular opportunities to correctly gauge the talent of each child and then work in the direction of developing their talent. This magazine is a culmination of that very talent of our kids showcasing the laurels that they have got in the fields of art, dance, singing, academics, etc. It brings tears of joy to see the efforts of each student and to witness how far they have already walked on the path towards SUCCESS.

“If your actions inspire others to dream more, learn more and become more, you are a leader”

“You can teach a student a lesson for a day; but if you can teach them to learn by creating curiosity, they will continue the learning process as long as they live.”

Ethos of student centric it is the focal point to the vision of APS. The student centric curriculum, focus on active learning and the use of technology for learning, has helped our students find admissions to courses of their choice all over the world. We are proud to say that we are not only creating good students but also good citizens capable of representing their country on international footings.

The road ahead is full of challenges as we continue to strive to consolidate our position through academic excellence, sports performances and extra-curricular activities. This magazine, like all the other achievements of the school is the result of toil and labor of our kids and staff members. I hereby take this opportunity to thank all of them for putting in efforts to make this bundle of repertoire a tangible reality.

I would like to conclude by saying thatt Arwachin not just a school, it is the place where their mind is filled with curiosity to make them forever learner. It is an ethos which defines the spirit of every ARWACHIAN- the ethos that continue to shape and guide their life long after they leave the premises of APS which they consider to be their second home.

Hello April

Orientation Program

"Service empowers you to connect with others, to take action to enrich yourself, our communities and the world"

Action (learning by doing and experiencing) is a key component in constructivist models of education. At Arwachin Public School Learners strive to be caring members of the community who demonstrate a personal commitment to service, and act to make a positive difference to the lives of others and to the environment.

Arwachin Public School(APS), Sector 14, Vasundhara, Ghaziabad organized an Orientation Programme for the new parents of Montessori till class 8th on 2nd April 2022. The parents were extended a warm welcome with badges. The Programme started with Havan followed by prayer. School Principal Dr. Sakshi Sharma addressed the gathering and briefed them about the functioning of the school. Arwachin Public School is a perfect nurturing garden for children where holistic development and quality education is imparted to develop character and personality of our children who are the kings and queens in the making.

During the orientation the insight was given by the Director of the School Mr. Abhinav Sharma. The vision points of APS were highlighted by the Director of the school followed by a plantation drive initiated by the Senior officers of Forestry Department.

The parents appreciated the initiative of the school in promoting welfare and progress of the students and looked forward to an interactive and lasting association with the prestigious institution in the coming years.

Parents were given an insight into the functioning of the school, curriculum, books, uniform, portal and other relevant information. All this was done through projector-based demonstrations. Parents were provided help with their doubts and queries. The event concluded with lunch for parents as well as students and a warm conversation to comfort the parents and students.

7 APRIL 2022

WORLD HEALTH DAY

www.arwachinkids.com 9560197166info@arwachinkids.com

World Health Day 2022 theme is 'OUR PLANET, OUR HEALTH'. The choice of this theme has been driven by the coronavirus pandemic, pollution and an increasing incidence of diseases, stated by WHO.

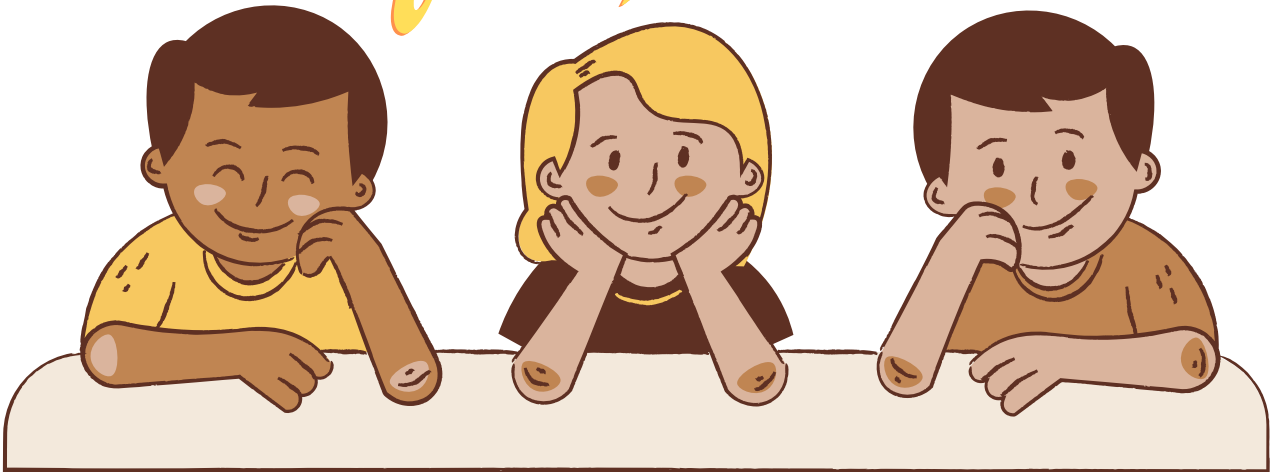

On this day the school has focused global attention on urgent actions needed to keep everyone healthy. Also as India Prime Minister Narendra Modi said to focus on our healthcare system and we should be thankful to their relentless service during such dire times.

We at Arwachin Public School promises to take care of our health and our planet. And we thank our country's healthcare department for protecting us.

International Day Of Happiness

The International Day of Happiness is an annual celebration aimed at helping people around the world to realise the importance of happiness in their lives. It's a chance for everyone to take steps to make themselves and others happier, to reflect on what makes them happy, and explore new ways to be happy. The International Day of Happiness represents a shift in global attitudes towards wellbeing and the recognition of happiness as a human right. It was established by the United Nations in 2011, and the first ever International Day of Happiness took place in 2012. On 8 April 2022 Friday students of Arwachin Public School participated in playful learning based activities , observed no bag day and spread cheer around the school.

Ram Navami

The students of Montessori along with the students I and II classes participated enthusiastically in the Ram Navami celebrations. Rama Navami is a Hindu spring festival that celebrates the birthday of Rama, the seventh avatar of the god Vishnu. Rama is particularly important in the Vaishnavite tradition of Hinduism. Keeping in mind the festive spirit, the tiny tots of our school participated in various activities curated especially for the day. Their doing so was indeed a treat for the eyes and added even more splendour to the celebration.

Bird Nest Spotting

Bird nest spotting is fun anytime of year, but we love to introduce it to kids the most in the spring. Springtime is a great time of year to get outside and quietly watch your neighbourhood birds. But we are lucky to witness it in summertime . Credit goes to our eco club for taking good care of our environment and making it much easier to see bird activity and we got lucky to see some real nest building . Say hello to the kids' new friends, the Birdies .

National Zoo Lovers Day is a great excuse to get our students together to see the exotic animals of the world. There's so many great ways to celebrate this wonderful day. This year at APS we celebrated this day as ZOO LOVER'S DAY on Tuesday, 12th April 2022, by taking our Arwachians on a virtual tour in the land of exotic animals and how they keep there in a first-hand experience.

This entire event is to inculcate the love for animals, extend the knowledge of various animal species and their habitat to our Arwachians.

Baisakhi, which marks the beginning of the harvest season was duly celebrated by our Arwachians too. The joyful fervor of the occasion could be felt in the dance and happiness of our Arwachians.

Question 1. When is the Mahavir Jayanti celebrated?

Answer: Mahavir Jayanti is celebrated by following the Gregorian festival. Usually, the holiday lies in the month of March or April every year.

Question 2. When was the Mahavir Jain born?

Answer: Mahavir Jain was born at 4 a.m. during the half-moon in the Chaitra month in the year 599 BCE.

Question 3. Why is Mahavir Jayanti celebrated?

Answer: Mahavir Jayanti is celebrated to honour the birth of Mahavir Jain, whose motive was to create a life filled with peace, positivity, and prosperity.

OPEN

Library week celebration is a boost to promote the reading habits among the students. It is full of various interesting activities like book exchange, extempore, sharing feedback's, Q&A rounds etc. All these activities give them a chance to put their reading and knowledge out very creatively and in innovative ways.

The whole week remains very active and full of enthusiasm and learning with various books,

Happy Earth Day

"We don't inherit the EARTH from our ancestors; we borrow it from our children". We at Arwachin Public School understand the value of this festival. Yes it's a festival for us as we pledge to be green warriors of today. Our students not only participated in plantation ceremony but also learned the better ways to protect Mother Earth. Students watched an educational movie by SADHGURU on soil erosion and actively participated in quiz completions. An interactive and interesting way to learn and understand the importance of EARTH DAY.

EARTH HOUR

"Environnement is no one's property to destroy; it's everyone's responsibility to protect"

Students of Arwachin Public School pledged to observe Earth hour everyday for one hour (8:30-9:30) for 90 (ninety) days . And will make people aware about the environmental issues and protect the planet. Our school has taken a small step to protect Mother Nature . Join our hands to fight GLOBAL WARMING and other environmental crisis together for our future generation. It's our responsibility to protect our PLANET' our only home.

National Poetry Reading Day

With the aim of supporting linguistic diversity through poetic expression and increasing the opportunity for languages to be heard. We celebrated National Poetry Reading Day . Our students not only enthusiastically participated but also performed well in given activities.

TDS Level Testing

Arwachin Public School always ensures that under standards and regulations of excellent drinking water, the drinking water provided in the school for the children and staff is absolutely safe and clean.

Its duly tested by the TDS testing team. The RO water available in school is within the safe range i.e under 100 which refers to be Excellent.

Our Arwachians also tested the TDS of the school RO water as a part of their science project.
